Von G N Chevalier : Bonds of Earth (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bonds of Earth (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Defintely worth readingVon Sunnei have a lot of respect for authors who are able to write believable historical romances. This is one of these books. It feels like post WWI, you can actually feel the depression, the confinments and the undercurrents of this time. But you can also find kindness, love and friendship.It is the story of two broken

men finding each other, going from enemies to lovers, reluctantly. At first you think John is the one who needs the healing but that is not all true. Michael is also broken by his experiences, it's just not as visible. There are a lot of issues for them to work but the whole story progresses in a good way, it never gets dull nor hastens. The side characters are also very good portrayed, they are interesting and fleshed out. The whole book has a rich and full quality of real life with all its ups and downs. It is a book that is definitely worth reading. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful historical romance Von MartinWow, this had everything. Troubled characters, dubious pasts and two characters who take a long time to get to know each other before the romance sets in. This book was a refreshing read in the genre where 'love at first sight' is the most common way to start a romance ;) Not to mention the great side characters. I'm really positively surprised with this book.

KurzbeschreibungIn 1918, Michael McCready returned from the war with one goal: to lose himself in the pursuit of pleasure. Once a promising young medical student, Michael buried his dreams alongside the broken bodies of the men he could not save. After fleeing New York to preserve the one relationship he still values, he takes a position as a gardener on a country estate, but he soon discovers that the house hides secrets and sorrows of its own. While Michael nurses the estates neglected gardens, his reclusive employer dredges up reminders of the past Michael is desperate to forget. John Seward's body was broken by the war, along with his will to recover until a family crisis convinces him to pursue treatment. As John's health and outlook improve under Michael's care, animosity yields to understanding. He and John find their battle of wills turning into something stronger, but fear may keep them from finding hope and healing in each other.
