Bones in a Pocket - of the Victim's Trousers,...Von Miki101.Micha ... at first one big puzzle for Dr Tempe Brennan, forensic anthropologist.When our heroine is called into a private owned retiring place for artists of all kind, she hopes to find

some more pieces of one John Doe MCMA-422-13 than the fibula, tibia and two vertebrae she has in her cell at her lab in Charlotte/North-Carolina. But at Mountain Island Lake which has increased in the last week over 15 feet she finds a bag. And in the bag a corpse held together by the cloths. No way this was Mr Tibia Fibula. So now she has a female dead person whose remains fit the description of a missing girl called Edith Blanckenship, who was a student helping in her spare time at a center for injured raptors like owls, falcons, bald eagles - the whole range of those kind of birds. But behind the disappearance of Edith Dr. Tempe Brennan aka Bones will find a much more gruesome secret. And she can only with a lot of luck avoid to become a victim herself... A good, fast-paced read for all the friends and lovers of "Bones" with a very sad but also very interesting and all-tied-up ending. And once more me and some other readers will certainly ask ourselves where our world is bound to end... As a bonus "Bones In Her Pocket" also gives the readers the first chance to take a look at the opening chapters of Kathy's new thriller, Bones of the Lost: A Temperance Brennan Novel, out on August, 15. Which I personally will buy for sure! 4 von 4 Kunden fanden die folgende Rezension hilfreich. flott geschrieben - knapp gehalten - PERFECT READ ! Von A. Ch Lanz Nachdem ich von den meisten Kurzgeschichten innerhalb einer "normalen" book series sehr enttäuscht war, weil entweder die Handlung selbst irgendwann holprig dem schnellen Schluss entgegen purzelte oder die Entwicklung der Charaktere und Umstände zugunsten einer fließenden Story strend kurz gehalten waren (so denn vorhanden) . . . kurz gesagt, weil ich immer den Eindruck hatte, der Autor muss jetzt fertig werden, egal wie und auf wessen Kosten, hat mich BONES IN HER POCKET total fasziniert ! O.k. - ich bin ein bekennender Kathy Reichs Fan und sehe vielleicht deshalb bei manchen wohl wollend hinweg trotzdem hatten mir die letzten Bücher der BONES Reihe nicht immer wirklich gefallen. Anders hier - total anders ! BONES IN HER POCKET atmet wieder den typischen KR spirit. Intelligente Story, handfeste Fakten, nachvollziehbare Charaktere und Spannung von A bis Z. Zugunsten der Krze ist alles auf das Wesentliche beschränkt, ohne dass dadurch das Gefühl aufkommt, es fehlt etwas. Faszinierend für mich auch (nach den o.g. Erfahrungen mit Kurzstories anderer Serienautoren), dass nirgends ein plötzlicher Galopp zum Ende aufkommt. Von Anfang bis Ende entwickelt sich die Handlung und deren Charaktere logisch, zielstrebig und ohne jedwede Hetze. Trotzdem ist die Story flott geschrieben, mit dem bekannten KR Humor immer wieder augenzwinkernd durch die Seiten blinzeln und hält den Leser jederzeit gefangen. Am Ende musste ich mir eingestehen: Leider ist die Story schon zu Ende - ich hätte gerne noch weiter gelesen ! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Only for KR fans? Von Claudia I don't understand the 5-star reviews. The story is predictable and flat, the language is plain at best, the characters are caricatures. Way too much jargon for me, too. I don't mind it when it serves a purpose, but here it feels the author is only showing off her expertise. To me, it's a cheap whodunnit padded with tibia and fibula and clavicle, which doesn't make it more convincing. It has been my first Kathy Reichs book, and very likely my last.

Bei den Autor Kathy Reichs, like her character Temperance Brennan, is a forensic anthropologist, formerly for the Office of the Chief Medical Examiner in North Carolina and currently for the Laboratoire de sciences judiciaires et de médecine légale for the province of Quebec. A professor in the department of anthropology at the University of North Carolina at Charlotte, she is one of only ninety-nine forensic anthropologists ever certified by the American Board of Forensic Anthropology, is past vice president of both the American Academy of Forensic Sciences and the American Board of Forensic Anthropology, and serves on the National Police Services Advisory Council in Canada. Reichs's first book, *Dj Dead*, catapulted her to fame when it became a New York Times bestseller and won the 1997 Ellis Award for Best First Novel. Her latest Temperance Brennan novel, *Bones Are Forever*, was an instant New York Times bestseller.
