Von Kathy Reichs : Bones of the Lost: A Temperance Brennan Novel (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bones of the Lost: A Temperance Brennan Novel (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Tempe Brennan always says: I don't believe in...Von Miki101.Micha ... coincidences - and neither do I.The book starts with a very promising Prologue - and the tension is rising, but then...The first chapter is also very interesting - but only for those who haven't ever heard or read of Tempe "Bones" Brennan before...Temperance (Tempe) Brennan is a forensic

anthropologist who investigates long-dead human remains and backs up the work of coroners with her ability of reading human bones. A teenager is found dead along the side of a desolate road with signs that she may have been deliberately run over and possibly sexually abused. The girl had an airline card in her bag belonging to someone who died in a fire a while ago, and Tempe had identified the remains of his fire-charred body. Because of the vulnerability of the young woman, Tempe is determined to try everything and find out what happened. Her search is interrupted by a call for her to travel to Afghanistan (!) to exhume the bodies of two locals killed by a US Army Lieutenant during active service, who is under investigation for their murder. This sidetrack challenges Tempe's physical and emotional strengths. Because Tempe's daughter has enlisted herself in the Army and is now in Afghanistan, too; and she is heavily overworked because she pushes herself to the limit. And there will be... no, I don't spoil. Tempe returns and then things happen that make her think that there may be a link between the two cases - the dead girl and her defense case. Her first reaction is, as always - "I don't believe in coincidences." But the relations between the cases are almost incredible - so at the end I have been disappointed. Because all over the plot are too much relations strewn out at random and the very showdown is almost absurd. And Tempe Brennan seems sometimes to be a female James Bond - a bit too much, especially in Afghanistan and at the very end. Who looks for the "old" Tempe Brennan, will always - book after book - find less of her. And also Ryan isn't his own self any more... No, Ms Reichs - if you don't work a bit on the ideas, I really don't know if I read your next one... 1 von 1 Kunden fanden die folgende Rezension hilfreich. He can describe the personality of the protagonists in a very real way. And the plot has always a sudden twist.

Kurzbeschreibung#1 New York Times bestselling author and producer of the Fox hit series *Bones*, Kathy Reichs returns with an unforgettable new novel featuring forensic anthropologist Tempe Brennan, whose examination of a mysterious hit-and-run victim triggers an investigation into human trafficking. When Charlotte police discover the body of a teenage girl along a desolate stretch of two-lane highway, Temperance Brennan fears the worst. The girl's body shows signs of foul play. Inside her purse, police find an airline club card bearing the name of prominent local businessman John-Henry Story, who died in a horrific fire months earlier. How did Story and the girl know each other? Was she an illegal immigrant turning tricks? Was she murdered? Was he? Tempe must also examine a bundle of Peruvian dog mummies confiscated by U.S. Customs. A Desert Storm veteran named Dominick Rockett stands accused of smuggling the objects into the country. Could there be some connection between the trafficking of antiquities and the trafficking of humans? As the complications pile on, Tempe must also grapple with personal turmoil. Her daughter, Katy, grieving the death of her boyfriend in Afghanistan, impulsively enlists in the army. Meanwhile, Katy's father, Pete, is growing frustrated by Tempe's reluctance to finalize their divorce. As pressure mounts from all corners, Tempe soon finds herself at the center of a conspiracy that extends all the way from South America to Afghanistan and right to the center of Charlotte. A tour de force of imagination, *Bones of the Lost* is a roller coaster of plot twists, punctuated by Tempe's fierce wit and forensic know-how. A genius at building suspense (New York Daily News), Kathy Reichs is at her brilliant best in this sixteenth installment of the Temperance Brennan series. With the Fox series *Bones* in its ninth season, Kathy Reichs has reached new heights in suspenseful storytelling. Pressestimmen "A rollercoaster read which sees Dr Temperance Brennan kick forensic-anthropological

ass." (Time Out)"[a] winning formulaBones of the Lost is as gritty and pacy as her fans have come to expect." (Press Association)"Youll want to keep turning the pages long after lights out to find out what happens next Reichs real-life expertise gives her novels an authenticity that most other crime novelists would kill for " (Daily Express)"With Kathy Reichs the reader knows they're in the hands of an expert" (Sunday Express)"Reichs' seamless blending of fascinating science and dead-on psychological portrayals, not to mention a whirlwind of a plot, make [her novels] a must read" (Jeffery Deaver)WerbetextThe gripping new Temperance Brennan novel from the world-class forensic anthropologist and Number 1 bestselling author Kathy Reichs
