**Von Laurence Dahnern : Bonesetter (Bonesetter series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bonesetter (Bonesetter series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. GoodVon Kindle-KundeI did not know the author but was intrigued by the title. After the first couple of pages I was a bit unsure about the book, then I got engrossed and finished the book in two sessions. I still feel it is not quite enough as if the book could be saying more.0 von 0 Kunden fanden die folgende Rezension hilfreich. GoodVon Kristian

NeitschGood read if you like this kind of writing. I liked it very much. So full points from me. :)

KurzbeschreibungA "historical fiction" or prehistory account of a boy in a primitive society who learns to "set bones" for others when they're injured. In the way of Jean Auel's heroine Ayla, he discovers other primitive technologies and his mastery of these skills gradually elevates his position in their society from a despised and downtrodden adolescent to become a respected and admired young man.
