Von Lois McMaster Bujold : Borders of Infinity (3-novella collection - Vorkosigan Saga) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Borders of Infinity (3-novella collection - Vorkosigan Saga) (English Edition):

bereits aus anderen Zusammenstellungen, aus Gründen der Vollständigkeit habe ich auch diese Sammlung gekauft. Die Geschichten sind aber auch für Anfänger der Vorkosigan Saga geeignet, da sie die sehr unterschiedlichen Seiten des Helden Miles Vorkosigan beleuchten. Wer nicht gleich die ganzen Geschichten lesen will, kann hier mal reinschnuppern - und neugierig werden, was wirklich hinter diesen Leuten steht, die hier nur kurz auftreten. Die nur kurz auftretende Mutter von Miles ist nämlich der eigentliche Starter der Serie. Also - lest los! 3 von 3 Kunden fanden die folgende Rezension hilfreich. Fantastic! And I hate short stories! Von kankan I usually can't stand short stories because I just NEED that lengthy feel of a novel to be able to get into the author's mind. But from reading Bujold's previous works, it was no problem to get the feel of Miles' world - I already knew it by heart. Ironically enough, I think Bujold has done her best characterization in the Borders of Infinity and in Ethan of Athos - her shortest works. At times the tone is light-hearted but the overriding themes were truly compelling. I LOVE Borders of Infinity (the short story), I love it, love it, LOVE IT - Especially the moment when Miles bows down with the hat and does that poetic dance in front of the women. I can't believe how well and how completely Bujold created a world within the dome. Read it, you'll know what I mean. 0 von 0 Kunden fanden die folgende Rezension hilfreich. very good Von Previna D. I like the whole series, the style. Intensive reading enjoyment with time and money well spent Everybody progresses even when battered, and without artificial sweetness there is always a chance for happiness

She wrote three novels in three years; in October of 1985, all three sold to Baen Books, launching her career. Bujold went on to write many other books for Baen, mostly featuring her popular character Miles Naismith Vorkosigan, his family, friends, and enemies. Her books have been translated into twenty-one languages. Her fantasy from Eos includes the award-winning Chalion series and the Sharing Knife series. .de This collection of short stories includes tales that take place before The Vor Game and others extending past Brothers in Arms. The variation in tone across the tales is handled exceptionally well, as we see Miles mourn and get a better look at his relationship with Illyan. The stories include Miles's first outing as a detective, in which he's faced with a case of infanticide in the mutant-phobic hill country; his largest rescue mission ever; and the most distressed damsel for whom he ever played the knight.
