KurzbeschreibungLieutenant Eve Dallas struggles with the endand the beginningof life in this thriller in the #1 New

York Times bestselling In Death series. Just as Eve Dallas begins to investigate the grisly double homicide of two young lovers both employees of the same prestigious accounting firm her friend Mavis needs a favor. One of the moms-to-be in Mavis's birthing class has gone missing. Normally, such a case would be turned over to Missing Persons. But Mavis wants no one else on the job and Eve can't say no. Now Eve is trying to track down the missing woman, while simultaneously unearthing the deals and double-crosses hidden in the files of some of the city's richest and most secretive citizens, in a race against this particularly vicious killer. Luckily, her multimillionaire husband Roark's expertise comes in handy with the number crunching. But as he mines the crucial data that will break the case wide open, Eve faces an all too real danger in the world of flesh and blood. From the Paperback edition. From Publishers Weekly. Set in New York City in 2060, bestseller Roberts's latest police thriller under her Robb pseudonym in her Lt. Eve Dallas series (Naked in Death, etc.) offers her usual engaging characters. Dallas's investigation of the brutal murders of Natalie Copperfield, a 26-year-old accountant, and Copperfield's boyfriend becomes entangled with the search for Tandy Willowby, a pregnant friend who mysteriously vanishes shortly before her due date. Dallas discovers that Copperfield had stumbled on some white-collar fraud at her high-profile accounting firm, while Willowby's disappearance may be part of a series of abductions. Predictably, the two cases converge, and the mystery's solution becomes obvious. Newcomers, who may be dismayed at how little things will have changed in more than 50 years, would do better to start with earlier books in this near-future suspense series. (Nov.)
