KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. highly recommendedVon Ein KundeThis one's about the CEO of gIRL gEAR. Sydney's a straight laced character who meets up with her first crush, who also happens to be her first sexual encounter. Three couples end up stranded on a

luxurious island and the action gets pretty hot. The story involves the trials of another couple that we met in the other books in the series, along with some coworkers. The story is fast paced but the characters also introduce lots of issues that leaves the reader feeling a little bit like the story is unresolved. I guess you just have to buy the next installment in the series.

KurzbeschreibungA relaxing vacation with the winner of the gIRL-gEAR.com scavenger hunt becomes downright sticky for CEO Sydney Ford when Ray Coffeyher one-time loverclaims the prize! Now she and her fellow gIRL gEAR partners are stuck together with Ray and his friends in this exotic locale for an entire week.For Sydney, the memory of her one steamy night with Ray is distracting her from running her business. He couldn't have been all that, could he? Well, only one way to find out!For Ray, being marooned with Sydney is sheer torturefrom seeing her gorgeous body on the beach in her bikini, and out of it in his dreams! He can't understand how that one nightalbeit one incredible nighthas lingered for so long in his mind. It was only sex, right? One more night with Sydney should be a reality check. But Ray's beginning to worry that once simply won't be enough.KurzbeschreibungA relaxing vacation with the winner of the gIRL-gEAR.com scavenger hunt becomes downright sticky for CEO Sydney Ford when Ray Coffeyher one-time loverclaims the prize! Not long after, she accepted an offer from an editor at Harlequin. If there's a better career than romance writing to be had, she doesn't want to know about it, as penning lusty tales from her backyard is the best way she's found to convince her pack of rescue dogs they have her full attention.
