Delicious and "Rigorous" Conclusion to the Trilogy Von Ein Kunde Once again a delightfully readable book full of sensuously described eroticism. Mostly believable tale of the completion of the submission of Caroline. Characters continue to grow and become more interesting throughout this trilogy. One can readily see in minds eye the ordeals of Caroline and the manner in which she eventually enjoys them. Outstandingly described sexuality.

Kurzbeschreibung 'I demand several things from my slave,' said James. 'Total obedience and absolute silence unless I permit speech. You have already broken two of those rules, for which you will be punished.' The beautiful and submissive Caroline West is about to embark on a new life and a new career which will involve a sexual journey of pleasure and pain. Caroline and her new master, James, get married in a bizarre ceremony of fetishism and depravity. After the wedding, Caroline is introduced to a photographer and a film-maker who want to use her as a model for images of bondage and submission. It's an offer which excites both Caroline and James. Stern dominatrix Mistress Leyla is appointed as Caroline's new tutor in the art of subservience and Caroline easily falls under the dominating spell of her harsh new guardian. Once involved in filming, however, it soon becomes apparent that Caroline's former master, the cruel Clive, is involved in the production. Can James, Mistress Leyla and Caroline's new friends save her from Clive's mesmeric influence? This is the sequel to Bound to Obey and Bound to Serve.
