Outstanding begin for a new series! Von LenaRibka I. AM. SOOOOOO. IMPRESSED. I am soooooo in love with a plot, with the main character Nick Nowak, with a refreshing writing of [author:Marshall Thornton|3000192]! I am soooo happy I found this author! Thanks GOD, you heard me. I've read a lot of cop's romances last time, about closet cops, outed cops, cops living and working in the past, present or set in a fantasy world. I am sucker for this kind of stories. Because mostly you get not only an exciting romance but also a thrilling plot. A good mixture, I like it this way. But all these books have a lot of similarities, a typical schema. Boystown stands out from them. It is NOT a typical police romance. And Nick Nowak is not a typical detective. The whole book is written in 1-st person. If an author can do it, it is my favourite way of telling. And Marshall Thornton is an excellent first-person-POV's teller. His writing is FANTASTIC!! Witty, refreshing, intense, a brilliant mixture of sex and suspense. The series takes place in Chicago in the early 80s, the pre-AIDS wild time. And the first book includes 3 parts, 3 cases, that per se are not connected but we meet some already known characters. Little Boy Found. Little Boy Burned. Little boy Fallen. Not a typical plot structure, but it is an interesting and a perfect way to show Nick in different situations. Because....HE IS the main attraction here, he is the main figure of the series, everything revolves around him. Nick is a lone wolf, an ex-cop and now a private investigator, a testosterone cannon. He is not in love. He doesn't want to fall in love. And there is a reason for it. I like EVERYTHING about this book. And I am so happy that there are further 4 instalments for this series, because right now I can't have enough of it and I am hooked. Yeah, I want more!!! Highly highly recommended!!!!

Kurzbeschreibung "Like most guys, I'm a sucker for easy sex and a fast buck. Unlike most guys, I should know better." Finalist for the Lambda Award in Gay Mystery, Boystown: Three Nick Nowak Mysteries takes place in Chicago during the early 1980s. Haunted by his abrupt departure from the Chicago Police Department and the end of his relationship with librarian Daniel Laverty, Nick Nowak is a beat cop-turned-dogged private investigator. In this first book of the best-selling series, Nick works through three cases: a seemingly simple missing persons search, an arson investigation, and a suicide that turns out to be anything but. While working the cases, Nick moves through a series of casual relationships until he meets homicide detective Bert Harker and begins a tentative relationship. The Boystown Mysteries are 18+ for gay sexual content, language and violence. Kurzbeschreibung "Like most guys, I'm a sucker for easy sex and a fast buck. Unlike most guys, I should know better."
