Eigentlich lcherlichVon VTREigentlich lcherlich, was die Illusionen der armen Protagonistin angeht. Einerseits will

sie partout unabhängig sein, andererseits hängt sie sich an einen Macho ...

Kurzbeschreibung Nell Sheridan: Sutters Forks wild child, before she ran off to travel the world as soon as she possibly could. But now she's back for a visit and back into the arms of Lucas Brandt. Except when she left, she and Lucas had agreed there was no spark. Now? No spark, but an inferno all because Lucas holds her wrists. In the bedroom, Nell discovers when she's restrained, she can fly free. Will that be enough to make her want to stay with Lucas in Sutters Fork? **Warning:** Contains explicit sex, light bondage, and true love. You know all the good stuff. Called a legendary erotica heavy-hitter (by the legendary Violet Blue), ANDREA DALE writes sizzling erotica with a generous dash of romance. Her work which has been called poignantly erotic, heartbreaking, and exceptional has appeared in 20 years best volumes as well as about 100 other anthologies from Souls Road Press, Harlequin Spice, and Cleis Press. Her latest erotic romance is Kiss on Her List. She finds passion in rock music, clever words, piercing blue eyes, the wind in her hair, and the scent of the ocean.
