If you want to get work done, don't pick up this bookVon Ein KundeAfter reading this book, I realized this is book 3 in a series regarding the Penrod men and Robin Fletcher. Before reading this one, read the first two, I should have done that. It really doesn't matter I guess but it would have been nice to know about Dare and Robin in their youthful years before getting to know Ben. I thought the women are amazing. Very strong-willed when they are given the chance. Tia

especially is a strong and round character who is considerate and thoughtful, whereas Ben is arrogant and takes what he wants. Together it is a clash of wills, with Tia no doubt coming out as the winner. This book was so good. There was Tia's secret that forced me to keep on reading, I took it to work and instead of working just read the whole day. Couldn't put it down. Now I'm reading Bold Land, Bold Love with Dare and Casey; it is equally enjoyable. 0 von 0 Kunden fanden die folgende Rezension hilfreich. If you want to get work done, don't pick up this book. Von Ein Kunde Last in a trilogy, Ben thought he was sly enough not to get hooked in love, Then along came Tia and he found out he wasn't as imuned to it as he thought that he was. Funny, heart warming, a very good book. Reading all 3 is a must.

Kurzbeschreibung Though Ben was heir to the vast Australian holdings of Penrod Station, he had no intention of saddling himself with a wife--until he met his match in the most alluring and contrary creature he'd ever beheld. With manners as dainty as those of any fine lady, Tia could charm his highborn friends, yet her salty language would make a Cockney blush. And now, Ben finds himself being refused by the one woman who has captured his heart for all time.
