Fantastic readVon Philomena(Cheekypee)Wow what a totally fantastic story.I never heard of this author until she messaged me asking would I like to review her book. I am so so glad I said yes.This story was addictive. I carried my kindle

everywhere I went today so I could keep reading. You know those books where you just wanna keep reading until it ends the way you want it to end... Well for me this was one of those reads. At over 400 pages this book was the ideal book for me to get lost in. With quite a few twists, plenty of hot sex a few moments of wanting to throw my kindle this is a book I highly recommend you read!! I've read over 180 books this year this little gem is certainly in my top ten. Cole certainly is one of my top boyfriends for this year. I sincerely hope this author is busy writing more fantastic stories like this one.
