Von Cara Dee : Breaking Free (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Breaking Free (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. I just love Cara Dee Von Fia Cara Dee is without a doubt one of my favorite authors and I am always happy to read a new book by her. Breaking free is a bit different than her other stories since it is a real slow burn. The story between 38

year old reclusive film director Tennyson and 21 year old wild starlet Sophie is set on the set of a big movie production and of course these two polar opposites don't have the best start while meeting each other at first. It was so great to see how these two got closer over time and even though they fought it had other plans. Who doesn't love a love story like that?! Sophie's struggle felt so real, on one hand she wanted to continue being the wild child that is recognized everywhere and on the other hand she wanted to be just herself and being loved for that. The secondary characters were awesome, they helped Sophie a lot discovering her true self and being there for her when her so called friends really weren't. Overall this is an amazing story that shows once again that polar opposites can indeed attract and that love can be found in the most unlikely places and situations. Now I can't wait for the next book about Tennyson and Sophie.

KurzbeschreibungThe Hollywood scene has always fit Tennyson Wright like a too-tight sweater. A highly respected director, he has managed to avoid the games and power plays of Tinseltown. Until now. To gain more publicity for the film he's shooting, the studio has decided a PR relationship is in order, and soon Tennyson finds himself pushed into the spotlight with one of the actresses on set. Rich, spoiled, much younger, party princess Sophie Pierce. Sophie, famous for being infamous, got her part in the film due to her daddy, the studio chairman. But there's more to her than wild nights and drunken tabloid photos, and she's aching to prove it. Under Tennyson's protective wing, she begins to navigate the uncharted territory of responsible adulthood and takes the first steps toward a legitimate, lasting fame based on her talent, not her reputation. But in order for Sophie to truly soar on her own, she's going to have to shed every part of her life. Freedom has a price.
