on my radar until now, but *Breaking Point* changed it. The book *Breaking Point* is part of her *Shadow Warriors* series but can be read as a stand alone. And after falling in love with this book, I'll make sure and read the previous books. I thought that Bay was a strong heroine, working in a men's world, together with weathered soldiers, some of them openly hostile, would've taken a toll on her, if she wasn't that tough. Especially because she is a sniper how cool is that? It did help, that Gabe, our hero was someone she could trust and later lean on (swoon). It wasn't a sugary romance novel, but surprisingly real, gritty and engaging I say surprising (a good surprise), because I didn't expect it to be this balanced. Luckily, there is no cliffhanger, however, there's a sequel coming out this summer and I'll make sure to get my hands on that book. It seems that the story of Bay and Gabe will continue for a while.

**Kurzbeschreibung** In the line of fire **OPERATION SHADOW WARRIORS** An ongoing U.S. military experiment to test the integration of trained female military operatives in live combat scenarios **The Alpha Platoon**. A unit of Navy SEALs stationed in the unforgiving dryness of Afghanistan who just learned that their newest team member is a woman. But Bay Thorn has a spine of steel and the chops to prove it. Without a team to back her up, however, she's dead in the water. And her only ally is Gabe Griffin, a lone SEAL who is lethal, dangerous and unbearably attractive. Between the open hostility from her team and the harsh al Qaeda territory, Gabe is a lifeline for Bay. But mutual respect quickly grows into mutual attraction. And with each day and every assignment, the longing only deepens. They mustn't speak of it. Mustn't act on it. Because in this line of work, falling in love can get you killed. **Pressestimmen** "A fresh plot and a good blend of romance and action make this an amazing read." **RT Books on Beyond Valor** "McKenna's story is relevant, moving and eye-opening." **RT Books on The Loner** "McKenna... writes her stories with knowledge and compassion .. A must-read for anyone who loves military romance." **RT Books on Down Range** "McKenna skillfully shows that it's all about the romance and not only the sex. After all, hard work, honesty and trust is what western romance is all about." **-RT Books on The Wrangler** "McKenna's latest is an intriguing tale... a unique twist on the romance novel, and one that's sure to please." **-RT Books on Dangerous Prey** "Gunfire, emotions, suspense, tension and sexuality abound in this fast-paced, absorbing novel." **-Affaire de Coeur on Wild Woman** **Kurzbeschreibung** In the line of fire **OPERATION SHADOW WARRIORS** An ongoing U.S. military experiment to test the integration of trained female military operatives in live combat scenarios **The Alpha Platoon**.
