a Lifetime Love Von Robyn YES!!!! I was so excited to see that Book 2 was out! I enjoyed the alternating POV from Evie and Aster. Evie is a strong awesome female character. Nancey does a great job with her writing. The story line flows perfectly smooth with each chapter. Reading Aster's thoughts about Evie at times were very sincere and so kind. Aster adores Evie, what they share is a once in a life time love. Aster is bringing his bride also known as Kompl Fated Mate to his home planet. They are unaware of the devious plans Aster's mother has in store for Evie. The love and hope that Evie and Aster have for one another is so very special and one of a kind. According to Fremm history this mating is rare. A beautiful, well written story that can branch off into other books.

Kurzbeschreibung Evie is everything, my mate and my world. Curvy in the right places, perfectly fitting against me, my life is empty without this human woman. I will do anything to protect and provide for her. The problem? Im a prince of Fremm and the royal family is not thrilled with my choice of a common Earth woman. The stern Queen demands that Evie complete three challenges to prove herself worthy. If she fails, she must release me from our mate bonds. Evie worthy of me? Im not worthy of her. Heres what they dont understand: my mate is a fighter and we have something worth fighting for. No Cliffhangers! Guaranteed Happy Ending! Plenty of steamy romance and action!
