You wont be dissapointed!0 von 1 Kunden fanden die folgende Rezension hilfreich. Amazing and heart breaking.Von MagritteThis is the first time ever that I start a Review BEFORE I finished the book.Here I am page 244 and I am, wiping off my tears, I just understood. I hat for the first time to go to the end of the book to see if I understood well and I definitely did...I understood that this book is going to break my heart, ripp it off my chest and shread it into pieces.I fell in love with Kathie and Keller and Gus and everybody else in this book. But mostly I fell for Kathie.This girl will teach you what living is about. She is smart and fun and intelligent and well bright!This book was a recommendation by Colleen Hoover... and other great author.The rythme is slow, but after a while it can't get slow enough, because you don't want the book to end... ever!But it will and this is what I hate about it: it will end.Read the book and drown in a world with unicorns.Enjoy the read MBTM0 von 1 Kunden fanden die folgende Rezension hilfreich. very sweet read...Von Kindle Customer**SPOILERS**I loved the first half of the book. I really loved Bright side and her friends. I thought the relationship between Kate and Gus and Kellen really lovely. BUT bloody hell did she milk the rest of the book.. I mean I started bawling and then never stopped... Up until the letters... at that point I just had enough...All in all if you are looking for a good cry go ahead and read this...just make sure you have the tissues oh and some cucumber for your eyes afterwards.....

KurzbeschreibungSecrets.Everyone has one.Some are bigger than others.And when secrets are revealed,Some will heal you ...And some will end you.Kate Sedgwicks life has been anything but typical. Shes endured hardship and tragedy, but throughout it all she remains happy and optimistic (theres a reason her best friend Gus calls her Bright Side). Kate is strong-willed, funny, smart, and musically gifted. Shes also never believed in love. So when Kate leaves San Diego to attend college in the small town of Grant, Minnesota, the last thing she expects is to fall in love with Keller Banks.They both feel it.But they each have a reason to fight it.They each have a secret.And when secrets are revealed,Some will heal you And some will end you.Note from the author: Due to strong language and sexual content, this book is recommended for mature audiences.KurzbeschreibungSecrets.Everyone has one.Some are bigger than others.And when secrets are revealed,Some will heal you ...And some will end you.Kate Sedgwicks life has been anything but typical.
