**Von J. D. Robb : Brotherhood in Death: 42 (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Brotherhood in Death: 42 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Just couldn't be botheredVon BettinaThis is the only book of the "In death" series I have read and it certainly will be the last. I have to admit I didn't read the last 30 pages or so, because I just couldn't be bothered. And obviously neither

could the author. There is so much lazy sloppiness everywhere in this book. First of all, the whole series seems to be set in the future, which might be an interesting twist, but here it's obviously just a lazy excuse for the author, so she doesn't have to do any research on how real police work is done today. All the "futuristic" gadgets mentioned in the book are hopelessly unimaginative. The characters are all stereotypes. The detective's assistant comes across as a total moron, the husband is a sensitive, sexy, super-rich hunk and the detective Eve Dallas' abrasiveness is probably supposed to make her seem "interesting", "mysterious" or even "complex", but it just doesn't work - she's often just a moody bitch. Because the characters are all so flat, I never really cared about what happened to them. The dilemma of the moral justification of vigilantism might be an interesting topic, but all the book has to say about it are platitudes and truisms. The language is equally full of cliches and cheesy metaphors, the sex scenes are especially cringeworthy. The story is absolutely predictable. There are no unsuspected turns, the author didn't put any effort in working out a plot, which is even a bit original. She seems to think of her readers as slightly mentally retarded because every event in the undercomplex plot is explained ad tedium, nothing is left to the reader's imagination. Why this series is so immensely popular will always remain a mystery to me.

Difficult to put down  
Von Helpful Advice  
Brotherhood in Death written by J.D. Robb is another installment in highly popular In Death series. And though the formula is already well-known, the good news for all the fans is the newest sequel is one of the best Robb wrote so far. It begins with the assault that would result with hurting of someone dear to Lt. Eve Dallas. But that would be only the start of big case with many victims and even more suspects, all wrapped up in numerous secrets that are going to make Eves life harder. And though I would not spoil the fun by disclosing the plot, I must emphasize this novel can be read as standalone, though there are some great motives that only regulars would be able to fully appreciate such as Eve and Roarke relationship or some emotional scenes between Eve and Dennis who is not present in all the books, yet he is with us for all these years. Full of conspiracies, twists and turns that only J.D. could think of, I would say Brotherhood in Death is great book for weekend you would not feel guilty of being tired the next day at work like me because the latest sequel in In Death series in novel difficult to put down.

Von Leonore  
Der Aufbau des neuesten Thrillers entspricht dem vertrauten Schema: Es stellt sich relativ schnell heraus, wer Täter ist und warum. Die Kunst liegt darin, dass die Spannung dadurch eher steigt als abflutet. Der sich ergebende Wettlauf ist auch nichts Neues, und dass Täter und Opfer nicht ganz in das Schema von Gut und Böse passen ebenfalls nicht. Dadurch und durch einige besonders sympathische (und auch unsympathische) Nebenfiguren gewinnt die Geschichte aber an Tiefe, so dass das 42. Buch der Reihe zu den besseren Titeln zählt. Nach einigen der letzten Folgen war man versucht der Autorin anzuraten, dass Eve nun endlich Captain werden und die Reihe ein Ende finden sollte, aber wenn die nächsten Bücher in dieser Qualität geschrieben werden, kann die Beförderung auch noch etwas aufgeschoben werden.

Kurzbeschreibung  
JUSTICE IS SERVED. Edward Mira is a powerful man, with a lot of enemies. But when the former senator is violently abducted, Lieutenant Eve Dallas suspects his kidnap is more personal than political. Someone is seeking justice; the bloodier the better. Edward's cousin Dennis was injured during the abduction - and that makes things very personal for Eve and her husband Roarke. Dennis is a beloved friend, married to NYPSD's top profiler Charlotte Mira. But as Eve delves deeper into the case, dark secrets emerge that could tear the family apart. Edward Mira has friends in high places - and they all seem to be hiding something. As her investigation takes a shocking turn, Eve finds that not all victims are innocent, and that some bonds are forged not in friendship, but in blood.

Pressestimmen  
Truly transfixing reading!
