Von Mariah Stewart : Brown-Eyed Girl (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Brown-Eyed Girl (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Great suspense, great leading characters!Von paula_k_98Brown-eyed Girl by Mariah Stewart is one sweet little suspense novel and I regret that it took me so long to find it. The moral to that statement is order from and don't depend on your local bookstore. Leah McDevitt lost a sister, Melissa seven years earlier. She disappeared without a trace and the police suspected foul play but could never prove it since they didn't have a body. Leah makes an appearance on a t.v. show dealing with survivors who have lost someone to crime. During the show, she confirms that the \$50,000 reward is still open until she finds out what happens to her sister. Enter into the picture, Raymond Lambert, a convicted serial killer about to be executed. He offers information about Melissa if Leah will pay the reward money to him. Lambert has one vital piece of information that convinces Leah that he knows what happened to Melissa. Before Leah can transfer money into his account, he is killed on death row by another inmate. Not knowing where to turn, Leah contacts Ethan Sanger, the author of a book about Lambert. Sanger doesn't want to get involved. Lambert had left his mark on Ethan years before. Leah convinces him to help not knowing their world is about to come crashing down around them. Brown-Eyed Girl is beautifully written and keeps your attention. I would have given this book a five except there were times that it was a little too obvious what was coming. However, this is one sharp book. Read it, you'll enjoy it.0 von 0 Kunden fanden die folgende Rezension hilfreich. One of the best Romantic Suspense Books I've Ever ReadVon Maudeen WachsmithI love Romantic Suspense. I particularly love it when an author whose work I've enjoyed moves to romantic suspense without sacrificing the romantic element of the story. Mariah Stewart has done this with BROWN EYED GIRL. Gripping suspense, but passionate romance together in a book readers won't be able to put down once they start. Leah McDevitt is a features editor for a well-known magazine whose younger sister has been missing for several years. When a man who is on death row says he might have some information regarding her, Leah is anxious to meet with him. She does so, but the meeting does not lead to any concrete information instead the convicted killer wants money. Leah agrees to send him half now, half after he gives her more info. But, before he is able to reveal what he knows, he is killed by another prison inmate. Leah is crushed. Just when she thought she might have some peace of mind she is crushed again. She seeks the help of the only other person she knows might be able to give her assistance, Ethan Sanger, the author of a book on the killer Leah talked to in prison. But Ethan is reluctant to share this information because in doing so, he will have to relive memories he's spent years trying to forget. Nail biting suspense ensues when Leah realizes her own life is in danger. This is a highly recommended read.0 von 0 Kunden fanden die folgende Rezension hilfreich. Allow plenty of time.....Von Customerbecause when you sit down to read Brown-Eyed Girl, you're going to have to finish it in one sitting! I've been a fan of Ms. Stewart since her first book and she just keeps getting better and better. There are very few authors who are really good at Romantic Suspense. Generally, one category or the other is shortchanged, but not with this book. Leah is a wonderful character and you feel every emotion right along with her as she tries desperately to find information on her missing sister. And Ethan, whose wife was a victim of the same serial killer Leah fears murdered her sister, is complex, kind, withdrawn, passionate and tortured - in short, a perfect hero. All of the secondary characters, especially Genna, Holly and Tom, are great examples of living, breathing people. I couldn't wait to find out what happened to Melissa and I hated for the book to end! What better compliment for an author. I'm also rooting for Genna Snow, intrepid FBI agent, to have her own story told. You must buy this book. I read dozens of books each month and this one is a definite "keeper".

Kurzbeschreibung "Certain to delight readers everywhere" (Romantic Times), award-winning author Mariah Stewart expertly blends tantalizing romance and thrilling intrigue for a life-affirming novel about the healing power of love....As co-owner and features editor of a popular magazine, Leah McDevitt loves exploring exotic locales while she tracks fashion and social trends across the globe. Yet despite her devotion to her fast-paced career, Leah is haunted by the memory of her cherished younger sister Melissa, who years ago disappeared without a trace. So when convicted serial killer Raymond Lambert contacts her, Leah is more than willing to pay him the long-standing reward for information leading to the recovery of Melissa's body. But before Lambert can turn over all his information, he himself is killed. Devastated but determined to finally uncover the truth, Leah heads to the Maine woods to seek out Ethan Sanger, the author of a book about Lambert. A private investigator, Ethan had written the killer's story in exchange for yet another of Lambert's terrible secrets. Working together to discover the truth about Melissa's disappearance, Leah and Ethan come to realize that even amid the ashes of tragedy, love can bloom. But someone harboring secrets of his own is about to enter their lives...someone who knows more about Leah than he should...someone who won't be satisfied until his own deadly game is played out.
