**Von Leigh Greenwood : Buck (The Cowboys) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Buck (The Cowboys) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. From Jake to Chet..a definite letdownVon Ein KundeChet is nowhere near Jake's standard. In Jake, I was led to believe that the oncoming books in the series would be just as good, if not, even better. Chet wasn't a page turner...I felt that Ms Greenwood could have exploited Melody's anger towards Chet's stubborn refusal to accept her...or further elaborated on the estrangement that existed between Chet and his brother, Luke. This could have lend the story with a bit more

depth than just the superficial issues that were focused upon in Chet. Ms Greenwood seems to have lost her touch after Jake. By far, Jake is still the greatest amongst the series. The characters seemed to have fallen in love too easily. There is no challenge, no suspense, no excitement. The only highlight of the entire book was when Melody joined in with Chety's scheme to frighten of her enemy. I would rather wait for Luke. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The intro to the cowboys Von Ein Kunde I read Buck before Jake. Even then, Buck managed to capture my interest, and I'm still addicted to the cowboys' series. However, I felt that Buck's character could have been explored a bit more. I'm more interested in waiting for Matt. Now, I hope Ms Greenwood would explore Matt's character with intense depth—a sexually abused boy by his own uncle... I can hardly wait. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A great read! Von Stobie Piel Mr. Greenwood has once again written a book with characters so real I feel as if they're part of my family. His characterization is tops in the romance genre, (which means it's tops anywhere.) The tenderness, love, adventure, and dignity of his characters lasts - Jake has its own place on my Keeper Shelf.

Kurzbeschreibung Hannah was lovely enough to make any man forget the past--any man except Buck Hogan. For thought she had more than fulfilled the promise of beauty in the 14-year-old girl he'd once known, Buck would always remember that back then he had been her father's whipping boy. Helpless no longer, he would have his revenge by taking the old man's ranch. The only thing he hadn't counted on was falling in love with Hannah. Kurzbeschreibung Hannah was lovely enough to make any man forget the past--any man except Buck Hogan. For thought she had more than fulfilled the promise of beauty in the 14-year-old girl he'd once known, Buck would always remember that back then he had been her father's whipping boy. Helpless no longer, he would have his revenge by taking the old man's ranch. The only thing he hadn't counted on was falling in love with Hannah. Synopsis Buck Hogan plans to seek revenge against a cruel old man by taking over his ranch, but his plan is derailed when he meets the man's beautiful daughter.
