Von Talli Roland : Build A Man (Serenity Holland Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Build A Man (Serenity Holland Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. fesselndVon anjinsan.angieIch konnte dieses Buch kaum zur Seite legen. Die Autorin hat einen ganz eigenen Schreibstil mit so viel Wortwitz, dass ich oftmals laut loslachen musste. An einigen Stellen aber auch so behrend,

dass ich nur schwer meine Tränen zurückhalten konnte. Auf jeden Fall fesselnd bis zum zugegebenermaßen leicht unrealistischen Schluss. Aber da ich diesen Schluss im Grunde selbst wollte, vergeblich ich trotzdem alle fünf Sterne. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Nett geschrieben, aber sehr vorhersehbar. Von CustomerDas Buch liest sich flüssig weg und hat auch ein paar, wenn auch wenige, anspruchsvolle Momente. Insgesamt war es aber eine typische Frau-trifft-Mann-Geschichte, die sehr vorhersehbar ist. Die Protagonisten handeln die meiste Zeit extrem selbstschuldig und haben nur ihre Karriere im Kopf. Dass der Mann sie anschließend überhaupt noch will, ist wohl nur dem Hang zu Happy Ends zu verdanken. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Just awesome!!! Von Jenny Otto Nothing else to say ... I love Talli Roland! If you like some really nice and calm but also very thrilling literature: That's it!

Kurzbeschreibung The perfect man is out there . . . he just needs a little work. Slave to the rich and the rude, cosmetic surgery receptionist Serenity Holland longs for the day she's a high-flying tabloid reporter. When she meets Jeremy Ritchie -- the hang-dog man determined to be Britain's Most Eligible Bachelor by making himself over from head to toe and everything in between -- Serenity knows she's got a story no editor could resist. With London's biggest tabloid on board and her very own column tracking Jeremy's progress from dud to dude, Serenity is determined to be a success. But when Jeremy's surgery goes drastically wrong and she's ordered to cover all the car-crash gore, Serenity must decide how far she really will go for her dream job. **PRAISE FOR BUILD A MAN:** Talli's writing is fresh, lively and different . . . If you want a book that will make you laugh and make you cry, then this one comes highly recommended. --Bookersatz Build A Man is fast-paced, well-written chick lit that I can't recommend highly enough. --The Book Chick This is a hugely entertaining book, light-hearted yet with hidden messages of self belief, hope and about following dreams. --Kim the Bookworm Talli Roland is extremely witty as a writer . . . If you have read any of Talli's other books then you already know that you're in for a treat. --Dot Scribbles **Kurzbeschreibung** The perfect man is out there . . . he just needs a little work.
