Even though the start was "different" because the author addresses directly to the reader - and I got a little confused with the snippet I couldn't place right away. But then the actual story starts and...There were a lot of emotions, even though the heroine, Valerie, wasn't swooning all the time and I really appreciated the fact, that there were no butterflies in tummies. I got caught in all different kind of emotions during this story, which is written in two different time zones, the past and the present. And sometimes it was just a relief, to read about the present, because I almost couldn't handle the sensations from the past anymore. But that changes sometime and then the tension from the present eases with the next chapter from the

past. And then I got it all wrong again and I loved the present at the end. And the end ist just WOW! Anyway, this book took me on a journey for two days. But I guess, I will think a lot longer about it. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Falsch beschrieben Von Nicole Der Punkt ist, da es immer heit, dieses Buch handelt von Ethan und Val. Im Grunde ist das falsch. Es handelt von Brad und Val, aber Brad wird immer nur am Rande wahrgenommen. Whrend man liest, wird man durch Hochs und Tiefs gezogen, die schn geschrieben sind und das Buch absolut lesenswert machen. Immer fr Val da ist Ethans Freund Brad. Whrend des gesamten Buches ist man darauf konzentriert, da das doch irgendwie mit Ethan und Val klappen mu. Man wartet, schwitzt und hofft; sehnt sich eine berraschende Wende in Ethans Verhalten bei, obwohl man im Grunde seines Herzes auf jeder Seite etwas mehr merkt, da das unrealistisch ist. Man neigt dazu, Brad zu bersehen und am Ende ist man berrascht, wenn das Buch ein trauriges Ende und gleichzeitig ein wirklich schnes Happy End hat. Das Buch sollte eigentlich "ein Buch ber Brad und Val" heissen. Deshalb vermutlich die entuschten Meinungen hier. Mein Tip: Wenn ihr Brad von Anfang an wichtiger nehmt, ist es ein absolut tolles Buch! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Breath-taking Von Ella Wow, just wow! Normally I am not the reviewing kind of reader, but Bullet just got me and I need to share my opinion! It was one of the most captivating books I have read in quite a bit. Not just because I am really into the rocker romance stuff but because it was beautifully written, heartbreaking, maddening and wonderful all the same! Ethan oh Ethan, I really kept hoping he would get around! I really felt for Val and understood where she was coming from and it was really hard to watch her trying and not beeing able to get through that toxic man. I loved the past/present narration style because it really enables the reader to understand the characters, to feel their journey and to be a part in their development without giving to much away and keeping you glued to the book one chapter after another:-).

Kurzbeschreibung Find out why readers have dubbed Jade C. Jamison the "Queen of Rock Romance." What if you discover the man you want is toxic? She tasted a little bit of heaven with him, and now theyve gone through hell and back, but can their relationship take anymore? Valerie Quinn is a nave college freshman when she meets on-the-rise rock star Ethan Richards. Hes an idealistic, handsome, reckless young man, but hes captured her heart. She doesnt give up on him and eventually his walls crumble down. By the time Valerie has given herself to him completely, she discovers hes damaged and may be beyond help. Can she save Ethan and their relationship before he implodes, or will he self-destruct and take her with him? Yes, this is the book you've been hearing all the buzz about! Here's what readers have been saying about this book: "Bullet is very raw, gritty and full of turmoil. So much turmoil in fact that my kindle almost found itself into a million pieces; When it comes to writing both slow burn and explicit erotica Mrs Jamison is the master." ~ Neda Amini, The SubClub Books "I just finished Bullet and it was freaking AMAZING!!!! I'm just blown away. I honestly couldn't put it down and you wouldn't either." ~ Beggin from Mommys a Book Whore "Val is surrounded by five gorgeous rock-stars with tattoos and long hair. These guys are her protectors, her tormentors, and a few become her lovers. Several times, I had to stop and take a deep breath before plunging back into this story. The sex will fog up whatever glass you have around you. From the loss of her virginity to the awakening of her inner goddess, Val takes you with her on her coming-of-age journey. This is more than just a story of Val's sexual journey. It is also a peek into the microcosm of this rock band, from the self-sacrifices to the self-promotion needed to realize their dreams. If you don't feel like you have been on tour with the band when you finish this story, you're doing it wrong!" ~ Mary Lou Page Princess "Bullet is unlike any book I have read before. Instead of a glimpse into a single relationship or a small timeframe we are exposed to a large span of time where we are able to become immersed in several characters lives during which time they grow and change and are molded into the people that they will become. This is real life with real problems, real feelings and real choices. It is fascinating and engrossing." ~ Michelle, Nose Stuck in a Book "Young...dumb...and in love. BEST EFFIN BOOK EVER!!! Oh man.... talk about a Damn rollercoaster ride! I hated every character at one point... Then LOVED every character.... lol I loved all the angst this book had." ~ R. Perales "This story surprised me and made me question what I like in a story! Recently two things have been bothering me about books. long books and the overuse of the virgin and the bad boy scenario. Well, this story had both of these things and I still LOVED it!!" ~ Jennifer, Book Bitches Blog Kurzbeschreibung Find out why readers have dubbed Jade C. Jamison the "Queen of Rock Romance." Jamison was born and raised in Colorado and has decided she likes it enough to stay forever. Jade's day job is teaching Creative Writing, but teaching doesn't stop her from doing a little writing herself. Unfortunately, there's no one genre that quite fits her writing. Her work has been labeled romance, erotica, suspense, and women's fiction, and the latter is probably the safest and closest description. But you'll see that her writing doesn't quite fit any of those genres. You'll have to discover Jade's writing for yourself to decide if you like it.
