KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Terrible English translation...Von VBSThe story is ok, but it does not match the previous books. And unfortunately the English translation is one of the worst I've read so far. The book is full with grammatical errors and weird translations. Such a shame!7 von 7 Kunden fanden die folgende Rezension hilfreich. Identical with The Marco Effect: A Department Q

Novel - just a different title! Von Susan D. I am a big fan of the Department Q series. However, I find it very confusing that the books have different titles in English meaning the same book is published by different publishers who choose a different title for the American edition and occasionally even different names for the protagonists. This book is identical with *The Marco Effect: A Department Q Novel*! So beware of buying the same book twice once *The Marco Effect* will be released in Germany in spring 2015.1 von 1 Kunden fanden die folgende Rezension hilfreich. BURIED AKA *The Marco-Files* - about the young (false) Roma, who... Von Miki101. Micha ... always had been smarter than was good for him. Always helping out his nomad-friends with begging and stealing in the city of Copenhagen, Capital of Denmark. His roots are going back to the U.S.A., his real name is Marco Jameson. His father and his uncle - he, the self-declared GURU of the clan, moved the caravan from Puglia in South-Italy in high-prize limos, stolen all of them, to Poland. There they sold the cars, embarked the ferry to Denmark - everything OK! Said Uncle - a first-class p*i*m*p, if ever there was one. And all the people believed in his promises - the warm and luscious islands of the Philippines are waiting for them! Just a little bit more money... And he breaks bones, even of the smallest, to make them make more money... But at one point - 3 years ago - he took an offer he could not refuse. A high-rise fraud in Africa - Millions of Euro in bank-accounts in South-America to guarantee a life in luxury to 3 persons was to be discovered by one man. Following the tracks of another yet killed, what the still living one did not know... Until he had to pay for his curiosity, too. Marco discovers that man - really! - he shares a tomb with him or his remainings, let us say.. Because Marco knows far too much, and was falsely accused by other youths to steal from the Clan. Which was all a lie! Poor boy - 15 years young and on the run. That is the base - with the long known ability of the author Jussi Adler-Olsen it becomes something like a Greek tragedy! It is written fast-paced, short sentences, dialogues short-cut, order-like bllewed by the Satan in person. Who seems to be the Savior for his Clan, but does not hesitate to sacrifice his next of kin. Murder - that is with he knows, when, if someone does not obey to his rules 100 %! I read this book in one night - I could not let go. The story was so amazingly constructed. And all the threads of the different places of action, past, present and future near the end came all together in a story woven so fine, it could have been silk. And in the very end - justice took place. Thank You, Mr Adler-Olsen. See You soon!
