bit sceptical for how the story would be but Canis wouldn't be Canis if he didn't know how to get the readers fixed and eager to read all.I like the story around Derek and Gerrad and I hope I will read more about the dragons and how they find their mates. As the example of Derek and Gerrad shows you can find it at the unexpected places but if you do then there is no denial of what might be the next step. I enjoyed the story and hope to hear more about them and others out of the world. Thumbs up for this new story. Canis hurry up with the next one \*smiles\*

KurzbeschreibungFor almost twenty years Gerrad McCloud has renounced the extravagant and old fashioned ways of his dragon-kind to live in the human realm. He found fame as an invincible and fireproof stuntman in the local film industry, but recently his efforts to quell his dragon desires have been difficult. He's nearly a hundred years old, and as an alpha male that means one thing: It's time to find his mate. Gerrad wants to resist the urge burning inside him but when he's assigned to coach the handsome Derek Van-Rindley, Hollywood's hottest new action star, he realizes the task will be far more difficult than he could've imagined. Derek may not realize it, but Gerrad can sense the omega dragon blood lying deep and dormant within him. The incredible heat of attraction slowly brings them closer together until a fateful event on set threatens to put out the flames forever.Burning Desire contains steamy love scenes between a protective alpha dragon and his handsome fated omega, mpreg (male pregnancy), and a happily ever after!
