and well written Von Christoph Fischer Homewrecker II (Brooklyn Chronicles) by Brenda Perlin tells the story of Bo and Brooklyn whose new relationship is tested by the judgement and interference of the two spouses they are leaving behind. Bos ex-wife in particular is taking the end of her 19 year relationship and her replacement badly and engages in an endless legal battle and an abusive email campaign. To this reader, not accepting the new life and moving on with it, it is actually the ex-wife who becomes the actual home wrecker. Told entirely from Brooklyn's point of view, in memoir style, this book presents a lot of philosophical and ethical material and food for thought. Brooklyn suffers from a disease that makes her see life in a different light and she will no longer settle for second best. Looking back at her previous relationships and her marriage the narrative explains just how Brooklyn came to the point of throwing her principles of not wrecking a home overboard. It is this central conflict that causes her guilt, yet needs to be overcome and dealt with constructively. Through her writing and her intelligent and emotional reflections the writer gradually comes to terms with this. In the battle that ensues with the ex-wife Brooklyn in my opinion soon pays her dues and some more. The wronged party becomes the wrong doer, a moral twist that goes to show that not all relationships are to be rescued and that not all people can be helped. Who can blame Bo for wanting to part from such a nasty person. Whatever your viewpoints on separation, cheating and marriage are, Brooklyn's story will force you to reflect upon them in any case - so thoughtful and honest is the writing. And as in life, the story often continues, in our case with Book 3. A very accomplished piece of literature. 0 von 0 Kunden fanden die folgende Rezension hilfreich. LOVE IS PATIENT, LOVE IS KIND Von Al-Khemet Book Club True Love is put to the test in this deeply moving second installment of Perlin's "Brooklyn and Bo Chronicles." The beautiful, tortured soul Brook has found her soul mate, finally, a great thing, something magical even, that most people go their whole life without finding but when she does, he is carrying "excess baggage" as his soon-to-be ex-wife is still tethered to him, too much cumbersome for one girl to handle but true love is patient and she decides to wait. This was a gritty, emotional rollercoaster ride, and Brenda handles it with care and aplomb and I cannot help but praise her masterful literary skills. The prose flows so beautifully off the pages and enters your mind where it takes control, literally dominates your emotions. Brooklyn has much on her plate to handle this time around and a vengeful ex-wife isn't the only demon, she must stand up against friends and yes, family too, in order to fight for her true love and "will" and "can" she overcome these demons? Every reader must find out. Start reading this highly recommendable book now.

Kurzbeschreibung Bo and Brooklyn's relationship is tested while Bos soon-to-be-ex wife continues to try to hold on for dear life. Bos ongoing divorce battle seems never-ending. The main character, Brooklyn must learn many valuable lessons about herself, not without making many costly mistakes along the way. Now that she has found what she considered, her soul-mate in Bo, she would have to continue to defend herself against even her closest of friends, family members, and Bos soon-to-be ex-wife, Ruth. This first person account chronicles the inexhaustible struggles she faces with the man that she loves. Brooklyn must learn a thing or two about patience as Bos divorce settlement seems to be never ending. Throughout her journey, Brooklyn shares some of Ruth's intimate emails to Bo and gives you a good look into the mind of a woman scorned. Brenda evokes passionate responses in her readers by using a provocatively unique writing style. Her latest book, Burnt Promises, captures the soul-wrenching conflicts of a personal struggle for emotional fulfillment. Ever since Brenda was a child she has been fascinated with writing. She draws her biggest inspiration from Judy Blume. This sparked a passion in Brenda to pursue personal expression through writing. Once she was old enough to go to coffee shops alone, Brenda recalls losing herself in the world of writing, all while documenting her ideas on paper napkins. "There is really no creative process, I just write," - Brenda Perlin
