CADenceVon NinaBOOM! There it was again! Ker Dukey and D.H. Sidebottom, again, rocked my dark soul with the beautifully twisted story that is CADENCE.These two authors are not are not afraid to take huge risks and touch topics

that most people find uncomfortable at least a reason that makes both of them part of my go-to authors when looking for another sick and twisted book to read. I really hope they will publish a lot more books like FAADE and CADENCE!FAADE ended with a huge WTF moment, leaving me baffled to grasp what exactly had happened. The ending was simply mind-blowing and already promised for the sequel and conclusion to become so much different from what Ive expected and boy, it was different!CADENCE is one of those books where an unnecessary long summary would spoil the book it is best to be enjoyed after reading FAADE without knowing anything at all. And believe me after finishing the first book you will want to find closure!This book has so many twists and turns and is driven with the need of vengeance a mixture that makes sure to keep the readers on their toes! It is packed full of blood and gore, deceit and manipulation, anxiety and drama, abuse and torture and not to forget the hot sex but it also has an enormously strong love story underlying it all. It is intense and mysterious and definitely not for the faint of heart.What a gripping rollercoaster ride from start to finish!

KurzbeschreibungBook 2 in the Deception series. The Conclusion to Facade.***WARNING***This book contains some disturbing scenes of violence and sexual violence, please consider this before purchasing this book. Thank you and enjoy. Cade. He had her love. Her devotion. He destroyed her with it! Years I loved Faye Avery from a distance, watched my brother have something he didnt deserve. She was always too good for him. Dante had a need for control and that grew with him from childhood, infecting her to bend to his whim. When Dante abandoned her, the girl who put his future and needs before her own, I rediscovered the girl who lost herself to the heartache. She blossomed and flourished in the light of the love she deserved - until he robbed me of her. Breaking her down, dimming the essence of the woman she had become. Dante had a darkness inside him that led him down a path of depravity. He was too far gone. He functioned on corruption, humiliation, power and retribution, and all for something that never happened. What he forgets is this! I not only wear his face, I carry the darkness inside of me too, and my wrath will coat him with it so thick he will drown under the rain of my reckoning. He wants Star, a memory of a girl he used to know. He stole Faye, a woman who owns my heart and is the cadence in mine. I will find him.I will find him. I will take her from him. And then I will kill him.KurzbeschreibungBook 2 in the Deception series.
