Durchzogen Von Merle Gut geschriebene paranormale Geschichte mit teils unertriglichem Szenario, aber interessanter Anlage. Die Dragon Kings sind eine eigene, langlebige Menschenrasse, deren Vorfahren für Götter gehalten wurden. Sie stammen aus fünf Gegenden der Welt und waren einst die mächtigen Vorbilder der Griechen, Römer und anderer Völker. Jede dieser Rassen weist spezielle Fähigkeiten auf wie Schnelligkeit, Telepathie, Erzeugen von elektrischer Energie, berserkerartige Kraft oder geistige Manipulation. Heutzutage kämpfen die Drachen ums Überleben, aufgrund mangelnder Fruchtbarkeit gibt es kaum noch Nachkommen. Eine mächtige Organisation unter der Ästerfamilie hat Kenntnis über die erfolgreiche Zeugung von Babies und damit die Kontrolle über verzweifelnde Dragons. Mächtige Dragons verkaufen sich als Kämpfer bis zum Tod, damit sie für ihre Familien Rechte auf Kinderkriegen erhalten. Leto vom Clan Garnis ist ein solcher Dragon, der sich zum Champion hinaufgekämpft hat und weitere Kämpfer ausbildet. So soll er Audrey MacLaren, eine Kunstlehrerin, ausbilden. Unerwarteterweise macht sie mit, wird doch ihr kleiner Sohn in den brutalen Versuchslabor der Ästers gefangen gehalten. Die Geschichte ist sehr brutal, sowohl emotional, als auch körperlich und verlangt eine dicke Haut. Andersherum ist der Hintergrund spannend und könnte in den nächsten Bänden wieder interessant und weiter ausgebaut werden. Ich hoffe auf weniger Brutalliteratur und werde das nächste Buch lesen.

Kurzbeschreibung The first installment in this fierce and sensual new paranormal romance series features demonic gladiators, ruthless mafia villains, and a proud race on the brink of extinction. Ten years ago, Audrey MacLaren chose to marry her human lover, making her an exile from the Dragon Kings, an ancient race of demons once worshiped as earthly gods. Audrey and her husband managed to conceive, and their son is the first natural-born Dragon King in a generation which makes him irresistible to the sadistic scientist whose mafia-funded technology allows demon procreation. In the year since her husband was murdered, Audrey and her little boy have endured hideous experiments. Shackled with a collar and bound for life, Leto Garnis is a Cage warrior. Only through combat can Dragon Kings earn the privilege of conceiving children. Leto uses his superhuman speed and reflexes to secure the right for his two sisters to start families. After torture reveals Audrey's astonishing pyrokinesis, she is sent to fight in the Cages. If she survives a year, she will be reunited with her son. Leto is charged with her training. Initially, he has no sympathy for her plight. But if natural conception is possible, what has he been fighting for? As enemies, sparring partners, lovers, and eventual allies, Leto and Audrey learn that in a violent underground world, love is the only prize worth winning.

Pressestimmen This new series is off to a promising start, pairing paranormal elements with a gladiator setting. The fusion of the two will appeal to fans of both paranormal and fantasy. The tension and developing relationship between Audrey and Leto will keep pages turning at a fast clip, and the setup for future books is sure to have readers coming back for more. (RT Book Reviews, 4 Stars) Fierce battles inside a metal cage comprise the games central to the debut of Pipers Dragon Kings series. Pipers gritty tale of survival and love will appeal to those who like blood-and-sweat fantasy and romance. (Booklist) Fans of gritty paranormal romance will appreciate the strong and emotional story, which builds slowly to an exciting conclusion. (Publishers Weekly) If you've become jaded toward serial paranormal romances, you should give the genre one last try. Caged Warrior is an excitingly fresh beginning to what promises to be a quality new series. The story is complex and demanding, the hero is both brutal and somehow innocent, and the premise, well, that's just insane. The plot has a really nice twist, a shock that occurs that'll have you dashing through the pages to find out what happens. Highly recommended. (All About Romance) This book was the bomb. It is raw, it is violent and it made me cry like a right old ninny... Brilliant. Give this new series a try, you won't be disappointed! (Urban Book Thief) I was captivated from start to finish... Lindsey Piper does an outstanding job, making this new world vividly ingrained in your imagination and creating a story that will have you riveted to the pages. (Tome Tender Book Blog) "Ms. Pipers new series promises a peek into a fascinating paranormal world. The chemistry between Leto and Audrey is brutal and explosive. She paints their story against a gritty background of survival at any cost. Readers will snap this one up only to be ravenous for more." (Coffee Time Romance) **Werbetext** Once worshipped as earthly gods, they now face extinction. They fight underground in the Cages for the twisted pleasure of humans, desperate to earn the chance to mate. Welcome to the brutal, erotic world of The Dragon Kings...
