Leader of the Pack!Von Anna SalamatinThis second installment in the Renegade series finds us at an intersection with Meredith as she is walking, listening to music and reading up for finals, when suddenly a dozen or so bikes rear up on her and in the lead, removing his sunglasses while jumping off his bike is Renton Stimson, leader of the pack. He wraps Meredith in his arms and lays a long, hard kiss on her lips!! Yep, after a year, he's back, and we are off on

another adventure with more of the hot, sexy, lust filled scenes of the first time, Five more spring break days filled with the fierce erotic draw that brought Ren back to the woman that he must make his alone. They proclaim their love and decide to find a way to make it work. But, there is also some dangerous trouble ahead. A gun deal gone wrong, finds Ren shot, and it's a race against time as they try to out run the shooters and get Ren the help he needs. Can Meredith survive in a life style so very different from her own?She hasn't told Ren about the placement she's accepted in Paris.....Is their love strong enough to truly find a way, or will this fire between them be snuffed out when reality tries to set in? The next installment holds the answer. I am routing for them.....I was gifted this book in return for my honest review, and I do recommend this for 18+ readers.
