a bad boy pilot, mayan ruins, rebels, and hidden treasure? Or about re-connecting with an old flame once you've dumped the boring, philandering hubby? If you're looking for an escapist read with plenty of thrilling action, this is the book for you. Von reviewerPosted 05/06/11: This is the second book of this author's that I've read and I really enjoyed it. It's fast. It's fun. It's different. Short as novellas are, with a great sense of time and place, the author took me to a location I'd never experienced before and made it come alive!
