Von Stephanie Laurens : Captain Jack's Woman (Bastion Club) before purchasing it in order to gage whether or not it would be worth my time, and all praised Captain Jack's Woman (Bastion Club):

KundenrezensionenHilfreichste Kundenrezensionen5 von 5 Kunden fanden die folgende Rezension hilfreich. This'll swash your buckles . . .Von kellytwoI really wanted to like this book. I've read several of Ms. Laurens Regency novels

and thoroughly enjoyed them; this, however, is a much larger book -- both in size and scope. Then I got into it, and I thought, Oh, no! Not another spunky, young, heroine who brings the mature hero to his knees, because she knows better about everything than he does. Oh, no! 'Tis not that way at all. This is a wonderful, swashbuckling period piece for (dare I say it?) intelligent readers of whichever sex who should happen to pick it up. It's quite true that Kit Cranmer is indeed a spunky heroine, but not so terribly young -- early to mid-twenties. And Captain Jack, now Lord Hendon, is indeed a mature hero, who brings Errol Flynn to mind in the blink of an eyelash. Kit has come back from an unhappy stay in London to stay with her grandfather, and promptly wanders her way into a smuggling den based on the coast facing France. The captain, home from the wars, is enlisted in a war against the smuggling of spies, but of course, first he must discern those smugglers from the ordinary contraband variety. Lots of laughs jump right off the pages of this delightful book, right along with sexual tension that is believable, for a pleasant change. And LOTS of it, plus the real thing. This is a very sexy book! Ms. Laurens deserves all the accolades she's accrued for this wonderful book, and I'll be part of the long line-up anxiously waiting for her next one.

2 von 2 Kunden fanden die folgende Rezension hilfreich. I tried so hard to like this book... Von Kellie Cook but it just did not happen for me. I absolutely adore Stephanie Laurens. I have read all of her Bar Cynster books and anxiously await Lucifer's story and the story of the 'honorary' Cynster, Chillingworth. I have recommended her book to friends. I have *nagged* people to read her. I just could not get into this story. Kit was an interesting character, yes. So was Jack. I think the problem was the beginning just dragged along forever. I was to page 100 and the couple had not even kissed. Now do not get me wrong, I do not require tons of love scenes, but I did not feel the characters were genuinely attracted to each other. I was disappointed in this book, because I know Laurens can do so much better.

Kit is a strong woman of adventure and Jack a wonderfully sexy male character. After reading this book I decided to buy anything that had Stephanie Lauren on the cover and I haven't been disappointed. Her Bar Cynster Series is a great read. I love series books and hope greatly that Stephanie will write about another character in this wonderful book. I look forward to any and all future books from this author.

Kurzbeschreibung They meet in a clash of swords, drenched in the moonlight of Britain's rugged eastern coast: Captain Jack, his handsome features etched in silver and shadow, his powerful physique compelling Kit Cranmer to surrender. He is her dream lover come vividly alive, and his command of the smuggling gang is absolute. His all-knowing gaze penetrates her disguise as the lad leader of a rival gang with frightening ease and his punishment with kisses leaves her maidenly modesty in tatters. Suddenly Kit finds she's only too delighted to explore with Jack the pleasures conventionally reserved for married ladies . . . little knowing what dangerous forces she's unleashing. For even as Kit revels in midnight gallops and cottage rendezvous, Captain Jack is laying a gentle trap that will curtail her freedom . . . and bind her to him with a ring, a promise . . . and ties of devotion and desire.

Smuggling may be de rigueur for some along the Norfolk coast in 1815, but it isn't the usual activity of noble women. Not so for Kathryn "Kit" Cranmer--she yearns for adventure and excitement. Posing as a young boy, Kit is named leader of a ragtag gang of smugglers. Her wits and courage make her a natural leader. But the Norfolk coast is small, and smuggling provides the only lucrative means of support for most of the people who live there. As leader of her small band of smugglers, Kit finds herself pitted against Captain Jack, the head of a rival gang, when the groups compete for the same goods. Jack is infamous for his reputation, but Kit can't resist his charms and they enter into a love affair that is as tempestuous as the rocky coast on which their gangs fight.
