WowVon GretaWhat a story. Kate and her husbands and her lovers and her blackmailing boss and a whole lot of

strangers all eager to bang Kate, which she really enjoys. Well, enjoy porn at its best. Happy ending.

**Kurzbeschreibung** Capturing Kate A wife watching novel is a full length novel (100,000 plus words and 288 pages in its original Word format). The story opens up in the middle of a volleyball game at a pool party where employees and guests of Global Investment Company are enjoying themselves at its always lavish Independence Day celebration. Multiple men are developing designs on our heroine, Kate Thompson. She is stunningly beautiful, unassumingly sexy, and very talented at work. However, Kate is naive to a fault concerning her sexual appeal and the degree of interest some of the men present have in her; a number of men are dying for a piece of her. Conner Walker is a handsome young summer intern with the company working on his masters degree at the local university. He is smitten with Kate. Phil Winters is a ruthless founding partner in the financial services company with a developing hunger for Kate. Phil envisions a future where Kate becomes his personal mistress and willing sex slave. Eric, Kates husband, has an unfulfilled wife watching fetish and latent urges to experiment with a bi-sexual lifestyle. The men surrounding Kate soon begin to seek ways to influence her behavior for their selfish purposes. In the midst of fulfilling Eric's fantasy desires, Kate discovers her own sexuality is much more complex than she ever imagined. Corporate and personal greed, coercion, blackmail, entrapment, sexual fetishes, alternate lifestyles, extreme group sex, dominance, submission, love and wife sharing all team up to influence Kates life and take her for a sometimes difficult yet thrilling ride. The forces at work in Kates life demand she bend and bow to them, initially against her will. Will she break or will she adapt? What forms of submission and sexual service must Kate endure to survive, and how will she react to each new sexual experience? Who can she recruit to help her in her plight? Caught up in the virtual tornado of sexual greed swirling around her, Kate finds a certain freedom and an unexpected sense of personal liberation in sexual submission. She discovers having her choices removed allows her to run guilt free in sexual ecstasy for a time, even when being expected to perform with multiple partners. Just when Kates values have changed and adjusted to willingly embrace many of the demands placed on her by the men in her life, the straw that breaks the proverbial camels back is dropped into her lap. Kate is forced to make some of the most dramatic decisions in her life. There are serious prices to be paid for the choices made, deadly and irreversible ones. What starts out as a simple wife watching fetish with Kates husband ends up changing Kates life and the lives of everyone close to her. One outcome is unavoidable; Kates simple, monogamous lifestyle will soon be but a memory. This at-times-gritty story is not for the faint of heart. It explores some fetishes of human sexuality and reveals the dark side of human nature in some of its characters. In spite of the unexpected and challenging circumstances brought on by a husbands desire to watch his wife engaged in multi-partner sex, the couple manages to keep their love alive. Their marital bond endures while accommodating the husbands varied sexual needs and the wives newly developed capability to enjoy sexual pleasure beyond the bounds of a traditional, monogamous marriage. Thank you for your interest in Capturing Kate.
