WebbCharacters are so real and vivid, all are loved and cherished during reading, and truly missed when finished. Save it. You will want to read it again and again. But you must also read the other two books, 1st, Lily and the Major and Emma and the Outlaw. You will love them all.0 von 0 Kunden fanden die folgende Rezension hilfreich. Funny and sexyVon Ein KundeThis is the third in the series and ironically the one I have read first. The characters are interesting and real, caroline is impetuous and full of fire, the raider practical and courageous. There is some intrigue and suspense but mostly just plain fun reading. I read it in one sitting. If you like her other books you'll enjoy this one as well.
