the first book in the "Immortalis Vampire " Series and it's the first book I've read by this author.It's about the young girl named Alyssa, who has been brutal attacked on the UNLV, nearly raped and killed by her attackers. Rescued from death by the sexy ancient vampire called Lysander, he turns her into an immortal. Even the newbie vampire never asked for this life, she begins to learn how to live as a creature of the night.Kallisto, the ancient vampire queen and Lysander's old mate, wants nothing less than final death for her former lover and his new toy.It's well written. A very good story and very likeable characters (considering it's a free Kindle download as well).A must read for those who are into the vampire books. I recommend this.

KurzbeschreibungBlood-lust, fanatical vampire hunters, thousand-year old vendettas, and a pair of sharp, new fangs. Newly-turned vampire, Alyssa got a lot more than she bargained for when Lysander gave her the dark gift of immortality.Newbie vampire Alyssa never asked for this life, but now it's all she has. Rescued from death by Lysander, the aloof and sexy leader of the Peregrinus vampire clan, she barely has a chance to break in her sharp little fangs before her immortality is put to the test.Kallisto, an ancient and vindictive vampire queen - and Lysander's old mate - wants nothing less than final death for her former lover and his new toy. She's not above letting the Acta Sanctorum, and its greatest vampire hunter, Santino, know exactly where Alyssa and the clan can be found.With danger looming on the horizon and the vampire hunters closing in, Alyssa will have to find the strength to accept this terrifying new reality. There's no turning back now. It's either, Carpe Noctem (seize the night), or final death.
