Very Entertaining.....Von Ein KundeI most certainly enjoyed Molly Weatherfield's book about a college student who enters the world of d/s. Carrie doesn't know why she likes being dominated and beaten but she does and she finds the a more than suitable teacher in the handsome Jonathan. If you a looking for detailed scenes of graphic sex you won't find it in

this book. It's more along the lines of just stating the fact it happened and more time is spent on how Carrie felt and the more practical matters that happen in the d/s world. I truly appreciated the sense of humor laced through out the book and the comments were some of those I would make myself, made it seem very contemporary and real. If there is a downside to it all there are a few nit picky items such as Carrie's family isn't explained at all and the fact she will be disappearing from the mainstream of life for a year; and why did Jonathan have to turn into some sort of sentimental fool. This book reminds of the 'the slave' by Laura Antinou and if you liked that you will also enjoy this work. 0 von 3 Kunden fanden die folgende Rezension hilfreich. entertaining Von Ein Kunde Entertaining and readable (I think I actually read just about every word, which considering the genre, is saying something). Oh yeah, and fun, which after all is the point. The jokes about Pynchon are maybe a bit laboured, but maybe I only think this because I was reading it as light relief from a parallel assault on Mason and Dixon. Part two (Safe Word) is also good. It would be nice to get some more. 0 von 3 Kunden fanden die folgende Rezension hilfreich. Unbedingt auch den zweiten Teil kaufen Von Ein Kunde Es war mein erstes Buch, das ich las, das mich in die S/M Welt entführte, inzwischen habe ich die Geschichte der O, aber auch die drei Teile von Beauty gelesen (auch empfehlenswert). Dieses Buch kann ich wirklich empfehlen, obwohl mir der zweite Teil besser gefällt.

Kurzbeschreibung Carrie's Story is regarded as one of the finest erotic novels ever written- smart, devastatingly sexy and, at times, shocking, Molly Weatherfield has penned a book that is standing the test of time alongside The Story of O and Justine. In this new era of "BDSM romance," a la 50 Shades of Grey the whips and cuffs are out of the closet and "chateau porn" has given way to mommy porn. Carrie's Story remains at the head of the class, literally. Imagine the Story of O starring a Berkeley PhD in comparative literature, who moonlights as a bike messenger, with a penchant for irony, self-analysis and as well as anal pleasures. Set in both San Francisco and the more chateau-friendly, Napa Valley, Weatherfield's deliciously decadent novel takes you on a sexually explicit journey into a netherworld of slave auctions, training regimes, enticing "ponies," (people) preening for dressage competitions. Desire runs rampant in this story of uncompromising mastery and irrevocable submission. Pressestimmen "My favorite neo-Victorian erotic romance writer . . . bring on the ponies!" Susie Bright
