Von Maria Murnane : Cassidy Lane before purchasing it in order to gage whether or not it would be worth my time, and all praised Cassidy Lane:

BooringVon JuliaI love reading romantic books and I'm usually not fussy about the contents. But this book was so boring and full of side-stories that had nothing to do with the main plot, that I skipped almost 2/3 of it and still got the story. Usually I would have just stopped reading, but I thought there would be something interesting happening later in the book so I just continued.Attention...SPOILER coming up...All that happened between the two main characters was

ONE kiss at her parent's front door and 2000 SMS. If this was a book for and about teenagers it might have been enough, but for a story about two 38 year olds, this was just unrealistic. 5 von 6 Kunden fanden die folgende Rezension hilfreich. She's done it again... Von IR Maria Murnane's newest book that does not follow the (funny) endeavors of beloved Waverly Bryson is a modern romantic with a twist (or two). Follow in this page-turner the young author Cassidy Lane who, very much like Murnane herself, became a successful writer of women's literature based in New York City. The story is well constructed and I must admit the most "real" fiction I read for some time... I cannot wait to read more about Cassidy, her friends, her family and her romantic life. A must-read! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Einfach zu lesen und unterhaltsam Von Bibliophylia Genau richtig als Urlaubslektüre. Gute Personen- und Charakterbeschreibungen. Teilweise philosophisch angehauchte Dialoge bzw. Überlegungen über das Alterwerden sowie was uns glücklich und zufrieden macht im Leben, in der Liebe. Dazu noch eine gesunde Prise Humor, hat mich mehrmals zum Schmunzeln gebracht. Sympathische, weibliche Hauptfigur die dem Leser Einblick in das Leben und Schaffen einer Autorin gibt. Schriftstellerei gestaltet sich nicht immer so leicht und kann stark von der emotionalen Tagesverfassung beeinflusst werden, Autoren sind schließlich auch nur normale Sterbliche. :)

Kurzbeschreibung 2015 International Book Awards Winner in Fiction: Chick Lit/Womens Lit From the author who brought us the unforgettable Waverly Bryson and the bestselling Perfect on Paper series. Bestselling author Cassidy Lane walks into her twentieth high school reunion with several novels under her belt, but no date on her arm, and deep down she still feels like the smart girl no one asked to the prom. Then handsome Brandon Forrester confesses his teenage crush, and soon Cassidy finds herself swept up in a modern-day fairytale romance not unlike the tales she spins for a living. While their relationship blossoms, however, the new book she's writing isn't going as well, and for the first time in her career she considers crafting an ending that doesn't include a proverbial walk into the sunset. Contemplating the simultaneous reversal of her own romantic fortune and that of her protagonist is daunting, but maybe it's time for both her writing and her personal life to take a new path. Or is it? Filled with Murnane's trademark wit and optimism, a charming cast of secondary characters, and loads of heart, Cassidy Lane will have you cheering for its heroine down to the very last delightful word.
