Von Sofie Kelly : Cat Trick (A Magical Cats Mystery) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cat Trick (A Magical Cats Mystery):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice readVon SHObviously this isn't the first book in the series, but it is the first one I read. There were some hints at things

that happened in previous volumes but that info wasn't crucial, the story worked fine for me without knowing the background. When the cat's special abilities were mentioned right at the beginning I sort of thought "oh my", but in the end it turned out to be a classical detective story after all. The cats helped a bit but not so much that the story became utterly incredible. Librarian Kathleen - with the help of her cat - finds a body. She is determined not to meddle because she doesn't want to risk her budding relationship with the attractive police detective. But several of her friends seem to be involved in the case in one way or the other and after a while she starts asking questions herself. There are a few side stories, too, about a friend moving house and about Kathleen's decision whether to stay or move back home. All in all the story is comfortably embedded in a slightly idealized environment where it is easy to feel "at home". It is definitely not a book for action fans, it is more cozy than thrilling, but there was enough suspense to make me read on deep into the night. It was the perfect book for my holidays; the protagonists are likeable and the cats are portrayed in an entertaining way. I think I'll get some more books of this series.

Legacy Tours partner Mike Glazer grew up in Mayville Heights, but he's no longer the small town boy people once knew. Even the local bootlegger has an issue with the bossy loudmouth Mike has become until someone shuts him up for good. When Kathleen discovers Mike's body on the boardwalk, she can't help but get involved in the investigation even if her beau, Detective Marcus Gordon, would rather she didn't. Now, with a little help from her cats Owen and Hercules, it's up to Kathleen to make sure the killer is booked for an extended stay in prison before someone else takes a permanent vacation. **Pressestimmen** "This series is a winner." --Gumshoe "If you are a fan of mysteries and cats, you need to be reading this series now!" --Cozy Mystery Book **sKurzbeschreibung** The fourth mystery in the New York Times bestselling series about two extraordinary cats whose owner can't keep her nose out of trouble...
