**Von V.C. Andrews : Cat (Wildflowers Book 4) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cat (Wildflowers Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Just Stop!!!Von Dwight TigerUp till the Logan series the series of books were great but no way in VC Andrews style. The

Logan and the mini-series that followed have all been a let down. It seems that these simple story lines are aimed at a much YOUNGER reader than those of us that were around when the first Andrews' novel came out. Cat was no big surprise development. Her story was along the same theme as previous ANdrews books, incest, rape by a family member, etc. I for one am getting sick of all these mini series and have stopped after Cat. For those of you that like them a new mini-series is on the way, yeah to you, woe to us that hate them. What is with the ghostwriter? The family should have picked a WOMAN writer, at least then, the story line would be entertaining (a woman would do much better at writing these series ). Now, the excitement i use to have upon seeing a new VC Andrews novel on the book shelf has faded. I save it for the paperback and hardback versions I see of Anne Rice, John Saul and any other writer besides VC Andrews. It's a shame that a writer's whose name is assoicated with dark storylines and psychological horror has come down to this depressing read for teens. (Hmm, do you suppose that is why these books are in the horror section? Scary writing?)Note to Pocket Books and the ghostwriter: JUST STOP!! RETIRE HER NAME PLEASE BEFORE YOU DO ANY MORE DAMAGE!!!!1 von 1 Kunden fanden die folgende Rezension hilfreich. Good heavens.Von Ein KundeWow, this book SUCKED! The most predictable storyline in the world and still so ridiculous in every chapter. What happened to our wonderful, beloved V.C. Andrews books? The novels are just getting worse and worse! And this series is by far the worst of them all.0 von 0 Kunden fanden die folgende Rezension hilfreich. A Young Adult BookVon Ein KundeI thought that this book was an ok read. It was nothing wonderful. It was more like something you read just because it happens to be right in front of you like reading a magazine in the check-out line. It is a V.C. Andrews book, so anyone reading this review knows that the book can't be that bad. My viewpoint is probably like this because I am so used to reading her novels that when I began to read this miniseries I started to miss all those detailed descriptions that the miniseries lacks. Also, I wouldn't place this book in the Adult fiction section of the library; it belongs in young adult. The story content is adult but the style is definetly young adult.

Kurzbeschreibung"I felt like I was going to my own execution...."Cat had listened patiently as the other three girls in Dr. Marlowe's therapy group shared their innermost feelings. They had described their broken families honestly, to the point of pain. If Cat doesn't tell her own tale, the others will see it as a betrayal. So she has no choice.Or does she? Maybe she could lie -- just make something up. Anything would be better than the truth. For Cat has the darkest, most horrifying secret of them all....Kurzbeschreibung"I felt like I was going to my own execution...."Cat had listened patiently as the other three girls in Dr. Marlowe's therapy group shared their innermost feelings.
