Von Gayle Roper : Caught in the Act before purchasing it in order to gage whether or not it would be worth my time, and all praised Caught in the Act:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Even better than the firstVon Mark Baker - Carstairs ConsidersIf you read my review of the first book, you know that I loved it. Well, in my mind, this one is so much better. I don't remember laughing out loud at this one, but over all the story is so great. The mystery is harder to solve, yet makes perfect sense. The romantic subplot is great as are the plots involving the other characters that we meet. I saw a lot of myself in Merry's problems with her personal life. The first book is great and a great way to meet the characters, but this book gets even better. Be sure to read them both. I'm egarly waiting the third book, Caught Napping, which the author has just started on.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book!Von Ein KundeI didn't think I would enjoy "Caught in the Act" as much as I

did "Caught in the Middle", but I liked it even better! The mystery kept me guessing until the end of the book (and so did the romance). I can really relate to Merry. She seems like someone who would be a good friend (if she were real). She's a great character. I cannot wait for the next in the series. Write (and publish) faster! 0 von 0 Kunden fanden die folgende Rezension hilfreich. "Caught in the Act" blew my mind... Von Ein Kunde The predecessor to this book was good, but the sequel was even better. The characters are just as real and loveable, and the feisty heroine Merry tells her story with both dry wit and tender feeling. The mystery was also even better--just about as hard to solve as an Agatha Christie. If you liked the first book, grab "Caught in the Act"!

Kurzbeschreibung Who would want to kill ordinary guy Arnie Meister? Reporter and small-town sleuth Merry Kramer was on the trail of the supposed killer when she uncovered more murder suspects than she ever thought possible: an ex-wife, an ex-girlfriend and suspicious business associates. Nothing added up. But with Merry embroiled in the story, danger wasn't far behind. And those she thought trustworthy even charming Curt Carlyle might not be who they seem.
