I really loved this bookVon Gwen MacNeillI picked up this book by random one day when I was my local christian bookstore. I started reading it and I couldn't put it down. The book is about a rockie reporter for a local newspaper who just happens to be a sleuth as well! The main character's name is Merry Kramer. One night as she was doing a human interest story she finds a dead body in the trunk of her car. When another dead body is found Merry becomes suspicious. When realize that she is the next target she realizes that she knows something the murderer wants to be kept hidden.... I'm not telling anymore because it is just too exciting.0 von 0 Kunden fanden die folgende Rezension hilfreich. "Caught in the Middle" is a terrific mystery...Von Ein KundeI just finished the sequel to it, "Caught in the

Act", and was amazed... Roper has a good mind. I would recommend "Caught in the Middle" because it is a good beginning, has a twisty plot and gives a nice background for the characters {who are very easy to fall in love with}. I personally thought the second one was a little better--tougher to figure out, but the first was still a lot of fun. I especially liked the two Amhearst mysteries because I actually recognize the places mentioned in the book.0 von 0 Kunden fanden die folgende Rezension hilfreich. Excelent Mystery!Von Mark Baker - Carstairs ConsidersThis is a great mystery. Merry is a well drawn character who it's really easy to like. I loved the attention to detail down to the handbell scene. The story had a couple surprises for me. I had an idea how it would end, but enjoyed the ride so much that I really didn't care. The other plots involving her personal life are great and add to the story so much. I'd recommend this book to anyone looking for a great mystery.

But Merry Kramer is new in town--and has yet to discover what hides behind the smiling faces of the residents of Amhearst, PA. As a staff reporter for a local newspaper, Merry finds the job contrasts incredible: as shocking as finding a body one night ...as routine as writing a human interest story on a local artist the next day. But when another death is discovered, suspicion begins to dawn ...and seemingly inconsequential choices forge a link that makes Merry the next target. Merry realizes she knows something the murderer wants to keep hidden. The question is, what? The next question is, can she survive long enough to find out?
