Von Layla Hagen : Caught in Us (Lost Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Caught in Us (Lost Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Intoxicating read!Von Darlene CruzIntoxicating words to make you keel over, I'll catch you if you fall and he grounds me, his stares spears me, you need to read the book to grasp the essence of it. You absolutely made me laugh and I mean really laugh out loud. I was sighing and going all 'ga ga' with Dani and Damon. The teasing and banter, spot on. Their wits made me laugh so much so it made up for Chase's potty mouth but he grows on you. Chase is a character

but he added the right spice to a hot story and he got his girl. The story moved swiftly and intelligently with no re-reading a page to understand what was going on. I like the fierce impulses that radiated throughout. When the characters lead up to their playfulness or other exploits, I was overwhelmed with emotions. Whether I made sounds of a 'sigh' or grimace or flinch, or showed distress or hmm . . . I did it all. This tale made me so happy because how it ended. I can tell you I was irritated with Damon but you needed the bad boy attitude to pull off this story. There were times Damon irritated me like this part, he said to Dani, "Here's some friendly advice; don't throw yourself in a man's way if you don't want to be touched." Boy I got all huffy and said a few words of my own. Got to get my emotions in check, duh! Where there's a bad boy you know a good girl is close by and a nerd herd to boot, just added spice to the mix. I liked the pursuit and I'm here for you kind of thing. I was cracking up when Dani's auto-correct on her phone sends quite the message to Damon, "I meant cookies!!!" or "I meant Linkin Park!!! OMG!!! I'm not saying, read the book. Guess what the same thing happened to me many times, thank you very much. Another laughable part when Hazel summarize Lord of the Rings, the Gollum guy to Damon, he never seen the movie or read the book. You just have to read the book to get the gist of it. Love all the characters, each one contributed to the climax (no pun intended) of this story. The focus remained on Dani and Damon, how they are meant to be and how the both of them feed off of each other whether to have the comfort each lack in their family or an ear to listen when they needed someone to hear their ranting and raving and a hug when they needed the comfort and warmth of someone who cares. Dani's brother James, aww . . . perfect brother, one who will drive three hours and pick up ice cream just to comfort his sister who needed advice about something concerning Damon. Damon . . . Damon . . . Damon swoon worthy, "You hurt my sister I will beat you." "I used to fight, remember? I'd knock you out in no time." Sounds fun don't it? Well there's more and I mean much more excitement and behind the scene of anger, danger, hope, healing and family. Just the right amount of action and fisticuff but what I thoroughly enjoyed, the author's writing style, the wide range of storytelling in the most simplistic way that leaves a part of the story in your heart. Excellent! I received a digital download in exchange for a review. Thank you, Darlene Cruz0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful story with characters I really like Von myrina This is my first book of this author and in this series. I must say I really loved it! The story is good and I really liked the characters. Dani is a good girl with perfect grades and is doing everything the way that her presents are happy. No teenage rebellions, no problems at school, no wrong friends, no alcohol issues, . When Damon moves into town Dani's world is changing. Her first impression of him is not good but soon she discovers that the attitude he is showing towards everybody is not the real Damon. The real person is somebody she likes and learns to love. Their surrounding is not happy that the bad boy is interested in the good girl and start interfering. I really enjoyed the story. It is well written, the story is really good with its twists and turns and when you want to read a really sweet romance then get this book. OK sometimes you could smack Damon with his comments but in the end he is a really sweet guy. When I finished it started with the other books of this series as I couldn't wait to learn more about these characters and their love story. You can read it as stand alone. It might be better to start with the first one of this series Lost in us so you meet each character in the correct order and so you don't know what will happen to them. For me it didn't matter as I enjoyed the stories a lot. In this lost series each book concentrates on 2 main characters. In Lost in us you will be introduced to all of them and then during the series you learn about their love stories and also what happens to them.

Kurzbeschreibung A sizzling romance from a USA TODAY Bestselling Author Dani has her future all planned out. Shes not the type to fall for a bad boy, no matter how panty-melting his grin is or how shamelessly he flirts. But Damon draws her in and slowly, she uncovers the secrets he hides: underneath his arrogance lies a lonely soul, his flirting smile masks despair. Damon arrives in Danis life against his will. His father insisted he change high-schools right in his senior year. He cant wait to turn eighteen and be in charge of his own life. He knows he should stay away from Dani, but shes so lovely he just cant keep himself from gravitating around her. When life throws at them more than they can handle, their paths split. But Damon is determined to win her back. When he steps back into her life one year later, hell-bent on proving her hes become the man she deserves, will he convince her to lower her guard and give their love a second chance? *This read is recommended for 18+ due to romance and sex and mature themes.* Kurzbeschreibung A sizzling romance from a USA TODAY Bestselling Author Dani has her future all planned out.
