Alcohol and her 'Uncle' were her only 'friends' for a while.Three months ago she moved to London.She has enough money now, to do whatever she wants. Only, she doesn't really know what she wants. She loves to paint, so that's what she does to relax and think and forget about

everything. To busy herself, she has a part-time job at a Pub and the rest of the time she helps out in the soup kitchen - to feed the homeless. That's where she meets Mystery Man. He comes in almost every day to get his plate of food, and he never talks, never looks at her. But Olivia is totally captivated by him. His eyes especially - well, because they're beautiful, but also because they're the only part of his face that's not completely covered by hair. Then one night some idiot follows her after work but before he can hurt her, Mystery Man sweeps in and rescues her - all very James Bond-like. They finally start to talk a bit after that night. But he's still not opening up to her, he's still running away every time she gets too close. Coming to London wasn't just coincidence... Olivia has a plan - she wants to find and kill the 'Shadowman' - the man who tried to kill her family ten years ago ... With the help from 'Uncle' she tries to find clues... BUT - 'Uncle' is not really as nice as he pretends to be. Something sinister is going on with him and his ... strawberry stuff It takes a while, but Kit is slowly opening up a bit.... they get closer pretty fast and a LOT of sexy things happen But of course there are waaay too many secrets and problems still in the way of a Happy Ever After... Secrets and of course 'Uncle'. _____ I REALLY LOVED THE BOOK!!!! I didn't really know what to expect when I started reading. I loved the cover and it led me to believe it would be a really dark and dangerous story... And yes, there's darkness, and danger, and lies and sex and whatnot... But it's also a really wonderful love-story. A story about a boy and a girl with lots of bad stuff in their pasts, who might have a shot at a happy future with each other - but there are just too many secrets and dangers that could destroy them... All through the book you hope that Kit and Olivia will get their HEA.... The book has everything you need in an erotic suspense drama EROTIC SCENES SUSPENSIVE SCENES MYSTERIOUS SCENES FRUSTRATING SCENES VERY SAD MOVING SCENES CUTE ADORABLE SCENES If you like dark hot suspensy Dramances with a #HotHotHotHomelessGuy... GO AND BUY THE BOOK!!!!

Kurzbeschreibung After the devastating loss of her parents and subsequent depression, Olivia Brown decided a move from her parents family home in Cambridge to a house in London would give her the fresh start she so sorely needed. Living off her inheritance, Olivia didnt need to work, but she knew she needed something to make her feel like life was worth living. Painting was her one true love, but that wasnt enough. So she started a part-time job in a bar, and the rest of the time she spent at a local soup kitchen, feeding the homeless. In the mornings, she bought hot beverages for her homeless friends, but there was one who never asked. This man, having the most facial hair shed ever seen, the most captivating eyes shed ever stared at, remained aloof. He never said a word to anyone, and never once looked her way. However, all this did was make Olivia want to find out more about this mysterious man hiding behind a face full of hair. One perilous evening, her wish came true. On the way back from working at the bar, Olivia was attacked. She screamed for help, relieved when her cries are answered... but surprised when she saw who her rescuer was. It was the eyes. It was the hair. It was none other than the mysterious homeless man. That night, Olivia learned two things. One, his name was Kit, and two, Kit had skills skills which didnt fit a man living on the streets. Day after day, Olivia slowly pushed the boundaries, coaxing out the man hiding behind the hair. Kit Chain wasnt only trained like men she watched in movies, he was also the most beautiful. Bit by bit, Olivia managed to break down his walls, revealing secrets that would change her life. Secrets that would put both of them in terrible danger. However, there was one thing about secrets... Everyone had them. WARNING: This is NOT a traditional love story. It contains disturbing subject matter, including themes of questionable consent for both male and female, as well as graphic sexual content. This is a work of fiction intended for a mature, 18+ audience only. The author neither endorses nor condones this type of behaviour.
