Von Kade Boehme : Chance of the Heart (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Chance of the Heart (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. TAKE ME TO CHURCH!Von Al-Khemet Book ClubChance of the Heart is a groundbreaking, intense and vivid tale that will put Kade Boehme at the top of the Erotica Bestsellers list . . .and for a long time.Chance Becketts discovery of himself as a human being and as a homosexual man was heart-warming in a sense. After a heart-breaking breakup

with his girlfriend, he ended up on the other side of the sunny Texas playing field, swinging for a different team but still playing ball. To be straightforward, he found himself in his good friends bed, well, things happen after a break-up like you confide in someone close to you and ending up catching feelings for them. Bradley Heart is the strikingly handsome, drop-dead gorgeous Texan boys and girls fall head over heels for, and the readers at Al-Khemet Book Club was no exception, I particularly loved this couple! #CB4LIFE This was a very compelling and deeply moving coming of age portrayal of two homosexual man journey to true love and self-discovery and grappling with the realities of struggling to be accepted by your loved ones and society at large. Bradley, coming from a Christian oriented family, life has been a tumultuous one but he finds true happiness in Chance, and such a revolutionary love story is for the history books. Will religion or family bonds and society drive them apart? Or will love triumph? So many questions and this engaging read refused to let me go until the last line was read. Hozier said it best in his Billboard Hot 100 #2 Hit The Only Heaven Ill Be Sent To Is When Im Alone With You- Hozier, Take me to Church I got the triumphant feeling like a pagan while reading this novel, because homosexuals have not only suffered at the hands of their host for a long time but also at the hands of religious sects, whom entire purpose should be about LOVE. Then we are instantly reminded of a very important internet meme. Buddha was not a Buddhist. Jesus was not a Christian. Muhammad was not a Muslim. They were teachers who taught love. Love was their religion. Love is universal and triumphs above all and this is the most important theme in Chance of the Heart I saw fireworks in heaven in that last passionate moment between Chance and Bradley, and no masters or kings when the ritual begins, there is no sweeter innocence than our gentle sin was playing over and over in my head. Kade Boehme sealed some dark pack with the devil for undreamed-of mastery over the emotions of men and women and converting many to M/M romance. This heart-pounding, skin-to-skin, breathtaking book is a must read. I expect to see more of Kade Boehme for years to come. Al-Khemet Book Club, Feb 2015 0 Kunden fanden die folgende Rezension hilfreich. two Hot cowboys Von Customer Wow this Story was really nice and the two Main Characters were Hot... Loved how everything came together at the end nearly everyone came around them being together...

Kurzbeschreibung Chance Becket's life was mapped out. He'd one day own the ranch he grew up on, have a family, and be the son he was raised to be, like all good boys in Small Town, U.S.A. When his high school sweetheart calls for a break during her last semester of college, the last place Chance thought he'd end up was in his old friend Bradley's bed. Bradley Heart blasted out of the closet before his family could name him heir apparent to his father's church. After six years away, a job layoff has him coming home to work behind the scenes. He and his father have little interaction and he's fine with it staying that way when he returns home. Going back into the closet, for any reason, is not on his list of things to do. But Chance may prove too much a temptation, especially with the simmering feelings they've had for one another since they were teens. Confused over his sexuality, Chance has to decide what's more important -- loyalty to his family and the path set forth, or the promise of happiness with not just the only man, but the only person, he's ever really wanted. Includes a very toppy accountant, a cowboy who'd rather be in the kitchen, porn positions, some spanking, and absolutely zero religion other than worshipping... You know.
