Brilliant!Von AmberThe 3 sisters who live 'Earthside' but are from the 'Otherworld' are back in this second book and are ready to take on demons and anything else life throws at them. Half-Human and Half-Faerie the sisters are so different but somehow so alike. They are interesting to read about and the author makes it a treat to read!This time the book was written from Delilah's perspective and it took me a while to get used to this character who wasn't really that active in the first book 'Witchling'. I loved Delilah though and really hope that another book from her comes along sometime in the future!A lot happens in this book and the only thing I didn't really like was the spider aspect. There

were a few new characters...some I am sure will be seen again but who knows what will happen...there is never a quiet moment in the D'Artigo household! I am really looking part to the 3rd part, 'Darkling', which will be out in the new year. I hope it won't be the last and that there will be a few more books about these magical sisters. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Na, ja... Von Dr. Lisa Kramer Ich konnte mich leider für den Stil dieser Serie nicht so ganz begeistern, die Mischung aus "Fantasy" bzw. "Sword and Sorcery" und heutigem Alltagsjargon wirkt auf mich zu oberflächlich und nicht berzeugend. Frauengestalten in diesem Genre sehen für mich anders aus. (Vergleich mit z.B. Katharina Kerr, Robin Hobb, nicht alle Werke, - und Kate Forsyth)

Kurzbeschreibung "The first in an engrossing new series, [Witchling was] a whimsical reminder of fantasy's importance in life" (Publishers Weekly). Now comes Changeling-again featuring Camille, the good witch, Menolly, the vampire, and Delilah, a feline shapeshifter. They're the D'Artigo sisters, half-human, half-Faerie supernatural agents who are now enlisted to find the fiends responsible for slaughtering the weres of Rainier Puma Pride. Pressestimmen "A wicked, witty read." -- Candace Havens "The first in an engrossing new series, Witchling was a whimsical reminder of fantasy's importance in life" Kurzbeschreibung "The first in an engrossing new series, [Witchling was] a whimsical reminder of fantasy's importance in life" (Publishers Weekly).
