Von Danielle Steel : Changes: A Novel before purchasing it in order to gage whether or not it would be worth my time, and all praised Changes: A Novel:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich.
Lovely!Von Ein KundeHier hat Danielle Steel wieder mal einen packenden, rhrenden und stellenweise sogar sehr

spannenden Roman verfat. Es geht um eine Moderatorin mit ihren jugendlichen Zwillingsschwestern und einen Herzchirurgen mit drei Kindern unterschiedlichen Alters. Beide alleinerziehend und weit auseinander wohnend. Wie könnte es anders sein, sie lernen sich kennen und lieben. An sich keine besondere Story, aber die liebevolle Zeichnung der Charaktere und die vielen Verwicklungen, die sich beim Zusammenwachsen der beiden unterschiedlichen Familien ergeben sorgen trotzdem für ein bewegendes Lesevergnügen. Wer ein wenig Englisch kann, sollte sich das Buch auf Englisch besorgen, es ist wirklich sehr leicht zu lesen. Es gehört zu den englischen Romanen, wo man hinterher kaum noch merkt, da man gerade kein deutsches Buch liest! (Dies ist eine Rezension an der Uni-Studentenrezension.)

Read it, loved it, read it again Von Ein Kunde I am not a huge Danielle Steel fan, but I have always enjoyed the "made for tv" movies that have been done of her books. After being fascinated by them, I decided to read the book. I found the book much more realistic than the movie and I enjoyed it throughly. The difficulties of two people finding love after suffering heartbreaks was very touching. I think the conflicts that both felt were very real. I especially liked the fact that Peter was a man who was not afraid to show his emotions. Several times in the book he cried, as did Melanie. The characters were very well thought out and remained true to themselves. I would really love a sequel to find out how the new twins fit in, did Melanie quit her job because of the new babies, what happened with the other children, etc. I hated for the book to end!!

1 von 1 Kunden fanden die folgende Rezension hilfreich. TWINS..... AGAIN! Von Ein Kunde The riveting tale of Mel Adams begins with her as a brilliant, but also lonely tv news anchorwoman. Danielle Steel has portrayed Mel as a woman who is scared to hurt and scared to get hurt by people. Mel then goes to L.A. to try to find a heart surgeon for little Pattie Lou Jones, but instead finds a handsome and quite sad and lonesome man with which she falls in love with. I rate this book 5 stars because of its amazing ending with which Mrs. Steel should write a sequel to in order for America to find out just what happened after Mel gave birth to twins... AGAIN!

Kurzbeschreibung Top TV anchorwoman Melanie Adams had given up on love after a failed marriage and an unhappy affair. With her two teenage children and her television news career, she had no room in her life for a man. Then she met famous heart surgeon Peter Hallam, a widower with three children of his own. Suddenly Melanie was experiencing feelings she thought were gone forever. But two families (one in New York and one in Los Angeles), two exciting careers, and two strong-willed people were too much to handle. And Melanie faced a painful choice between her glamorous life in the public eye, her private life, the needs of her family, and the new family she took on. Changes lead each of them to new places, new problems, new people, and the new life they begin. From the Paperback edition.

Synopsis To dare to love... Heart surgeon Dr Peter Hallam was trained to fight, to conquer odds beyond hope. He had saved the lives of countless strangers, only to see his own wife die tragically beyond the reach of his healing hands. Months later the deep wound of loss had begun to heal as he learned to live without love. Melanie Adams, television newscaster, lived for her work and her children: nothing else mattered. On screen she was the ultimate professional, covering the biggest stories and meeting the hardest deadlines, but she was lonely inside. After heartbreak and desertion she had made her way to the top alone. And she, like Peter, had learned to live without love. But one day, for Peter and Melanie, everything changes.
