Von Jameson Parker : Changing Earth, Changing Sky (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Changing Earth, Changing Sky (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. couldn't put it away....Von NWIt's again the characters I love. Two different people out of two absolutely contrary worlds find

out that they've got a lot in common about their attitude towards the real values in life. I don't want to tell too much of it but I can say it's compelling from the beginning by the complexity of the characters. The author manages to combine a thrilling plot with romance and even political criticism in his own unique way of telling it. Don't miss to read it!

Kurzbeschreibung Kay Franklin is on the run from her marriage, from a world of deceit and betrayal and infidelity. But she is also running from her own betrayal of the values and beliefs she was raised with, and her flight will take her to a world she has never imagined, a world she thought had vanished. Finn O'Reilly is a rancher fighting to stay in the only world he has ever known and loved, but he too has his own past that impels him every bit as much as the forces that want to drive him from his land. Both of them are trying to live up to the ideals of the dead. Both of them are uncertain of the future. And when their lives intersect in a moment of violence, they both stumble into a chance for a new beginning. If they can stay alive.
