Von Jaci Burton : Changing The Game: Play-By-Play Book 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Changing The Game: Play-By-Play Book 2:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Never were sports that interestingVon SusiSunshineElizabeth didn't have the best start with us as the readers in book 1. She played the role of the antagonist and I wasn't sure if I could warm up enough to her to really enjoy her book. But I did. Elizabeth is a complex character and there is so much hidden under her perfect and pretty shell. She isn't the shark and

unfeeling agent we thought her to be. After the first few pages I already knew that I would like that woman. She is strong, won't back down and stands up for what's important to her. She is a fighter and never shrinks away from a challenge. I think she and sports are a fit made in heaven. She has the attitude and endurance to be successful in this branch. I loved to see how she ticks. She has so much heart and love inside her- she cares deeply for those she sees as her friends- it's just hard for her to show it. Gavin is one hot alpha male. He knows what he wants, sometimes *winks*, and is as ambitious as Lizzie. He loves a good challenge and Elizabeth is his biggest yet. He loves her independence and her stubbornness. He isn't one to back down either. The predicament of their love wasn't pretty good from the start. The past makes it complicated for them to start fresh and without any burdens. The buildup was sexy as hell but also broke my heart one small step at a time. The emotional background in this book is always present but doesn't overshadow the actual story. Elizabeth's love for Gavin is always present but their "fling" gave the story a lightheartedness that just screamed fun. I really crossed all my fingers and toes for them- they really deserve a life together. They are so different but fit in a way that's just enviable. The way the love between these two developed was paced just right but still I wanted to scream and rant at them more than once. I have to say that Ms Burton really knows how to write her sex scenes. Wowza says is it all. She creates this great mix of emotions and erotic sensuality- my favorite kind. *wink* But I'll be honest, the dirty talk in Changing the Game wasn't exactly made for me. Dirty talk is always a hit or miss for me- sometimes I love it and other times it starts to annoy me at least a bit if it seems to be a too big contrast to the characters usual behavior. Another thing that irritated me was the baseball lingo but that could be because I have not the slightest idea how that play works besides that some guy hit that bat thingie against the ball and everyone starts to run around the field. I actually had to google words to see what it is. *hides in shame* I can already feel that the next book will be awesome. We see some glimpses of Jenna and Ty- those two will burn the pages (and I actually know some things about hockey so I'm sure I will love the sports aspect in that one more). Changing the Game is a great mix of everything I love in my romance novels. It is smoking hot and still made laugh and smile. When a book makes you love the bad girl it just has to be good. Never thought I would say that but Jaci Burton made me love stories about sports. Keep them coming, I'm already counting the days till Taking a Shot.0 von 0 Kunden fanden die folgende Rezension hilfreich. Jaci Burton is so worth reading! Von Jules I loved the first book of the series and I loved the second book. Right now I wait to get my hands on all the others from the series. She is such a great writer and Jaci Burton really makes a woman hot while reading... With her writing and even more so with her male stars.

Kurzbeschreibung Changing The Game is the second steamy hot tale in the Play-By-Play series from New York Times bestselling author Jaci Burton. Perfect for fans of Lori Foster, Maya Banks and Jill Shalvis. Playing by the rules isn't for everyone... Win at any cost. That's always been the mantra of sports agent Liz Darnell. When she carries things too far, she loses a major client in Mick Riley and figures his brother - baseball pro Gavin Riley - will be the next to go. With little left to lose Liz decides to get one taste of the player she's had a thing for since she first laid on eyes on him. But Gavin has a mind of his own, and Liz soon finds herself agent and lover to the bad boy of baseball. And when love unexpectedly enters the field, neither is ready for the biggest game changer of them all. Want more sexy sporting romance? Don't miss the rest of this steamy series which began with The Perfect Play. And check out Jaci's gorgeously romantic Hope series beginning with Hope Flames.
