Von LIslette Giroux : Chaos's Consort (Heiresses of Eris Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Chaos's Consort (Heiresses of Eris Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A bit of a rompVon Kindle JunkieThis was very entertaining. Eleanor, 19, is being forced to her first Season to find a husband.

With the help of her friends from finishing school, she hopes to thwart her mother's plans. She's known Simeon, her eldest brother's friend, for years and approaches him to aid their plan. I so enjoyed this and the characters, I preordered the next in the series. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Enjoyable read Von Agnieszka I received a copy of this book in exchange for an honest review. REVIEW WITH MILD SPOILER It was such an enjoyable read I read it in one go - another night's sleep had to submit to more important matters :-). All the single ideas weren't really new - at least I had the feeling I've read this before the new thing was to mix it all together. The result is a regency romance full of fun and emotions within the entire spectrum. The story and characters appear very realistic and well developed including the sibling relationships and friendships. All of you who struggle with swearing or sexual contents won't enjoy this book. There are only mild curses and most of these in the beginning which reflect the tomboy part of Eleanor's character - though regarding the genre they seemed the more shocking in first place but fitting. As to the sexual content since I don't want to spoil anything I can only say the brothers are really a naughty bunch and this topic was discussed unusually open in regards of the gender and age of the protagonists and some really hot scenes in the end between the lovers. I still can't really grasp why I'm not able to give the book the full five star rating but there was something missing even if I can't say (yet) what it is.

Kurzbeschreibung Eris: Greek Goddess of Chaos; Started the Trojan War by merely tossing an apple into a group of goddesses that said "to the fairest". As a duke's daughter, Eleanor Stonington may be the most eligible of the Heiresses of Eris but growing up with four older brothers and her tomboyish leanings, she has the least desire to shackle herself to some pompous man who only wants an heir. She and the other Heiresses have a plan. Become the success of the season and then cause such a scandal that not even the rakes will want her. Executing such a plan should be easy for a girl raised to cause chaos. Simeon Rothwell, Duke of Northford is a consummate politician. He has a knack for reading his opponents plans and negotiating his way around them. So why do the machinations of one woman seem to confound him?
