Von G.A. Aiken : How to Drive a Dragon Crazy (Dragon Kin series Book 6) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Drive a Dragon Crazy (Dragon Kin series Book 6) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Fantastisch !!!Von BcherwurmUm diese Reihe mal mit einem Wort zu umschreiben: "Bombastisch"Ich liebe die Dragon Reihe von G. A. Aiken !!!!!Selten habe ich mich so gut amisiert wie beim lesen und hren (die habe ich auch als Hrbcher da diese es wert sind)dieser Bcher.Sie sind sehr Humorvoll auf eine derbe Art geschrieben, bei der man einfach laut loslachen muss !!!Ich habe alle Bcher verschlungen und sogar meistens bis sp in die Nacht gelesen (sogar auf meine Serien habe ich verzichtet um weiterlesen zu knnen) und das heit schon mal bis 3 Uhr morgens.Wenn es nach mir geht knnte diese Reihe niemals enden, ich wrde die Bcher immer weiter kaufen.Hier muss ich noch sagen, dass wirklich alle Bnde gleich gut sind. Es gibt keinen Band den ich als schlechter bezeichnen wrde.Stelle ich jedes Band auf ein Podest so sind diese alle auf der 1.Ich kann nur jedem empfehlen sieh diese Reihe zu kaufen. Sie sind es echt wert !!!!!Ihr werden jede Menge Spa beim lesen haben und es nicht bereuen.Allerdings ist hier zu sagen das diese Bcher fr Erwachsenen sind und nichts fr Kinder !!!!!KAUFEN, ihr werdet es nicht bereuen.11 von 11 Kunden fanden die folgende Rezension hilfreich. romance? waaaiiiiiiiiiit a minute...Von Hanna Rosenstahli dont think i have to say anymore to the story than has already been mentioned. it was very humorous written and i had to laugh. we meet all our beloved dragons and their mates AND the now more or less grown up children talwyn and talan and rhianwen. the story ist much more about these kids and izzy. izzy also travels to the south to find the nolween witches. she finds her death fathers side familiy, which was quite beautiful. and... oh, yes... there was something with a blue dragon.i was so dissappointed. i have waited all the books to the final of there romance. and thats it?! seriously? if you take maybe ten pages out, their "love" would be non-existent. and the worst? their claiming was on the last pages. in the middle of the book there is a scene, where izzy envys annwhyls dragon brand and thinks about queen rhiannon very expressiv claiming brand (whole body) and she says, she wants something similiar to the white dragon queen.and what happends? our lovley blue dragon sneak attacks her on the last pages - he wants to fight her for the claiming. when he explains it, she is sheating her sword and guids him to her house. he is quite suprised, but after ther history everybody understands that izzy is all for it. aaaand then? we remember... this pair was building their love and claiming up since the beginning and i was really hoping to enjoy for izzy a faaantastic und beautiyful written claiming scene. but: we wake up the next morning and she is looking into the mirror: yay for izzy! her claiming brand is half of her body. wait a minute. where was the actual claiming?there was none!!! i felt like somebody took all of my chocolate away - during my pms!!!dont geht me wrong - the story was well written and i had fun. but for izzy and her blue dragon? they were litteraly left behind and, well, i thought the book was about them. at least the claiming scene would have been VERY important to read! i finished the book with a sad feeling.1 von 1 Kunden fanden die folgende Rezension hilfreich. Love the series, but it gets too busyVon J. HeynertI really love the series, but it keeps all the characters from its former books. All these characters are making every story line appear overpopulated. I understand the desire to keep popular characters appear again and again, but I wish she would concentrate on a few and not all of them. The main couple was drowned in the conflict of couples from past books. I think its important in romance books that people can start with any of the books without too much confusion. This would not be possible with this overcrowded book.

KurzbeschreibungSome things never go away, like vile enemies, bad ale, and annoying kin. But I thought I was finished with the one dragon I'd have done anything for: ibhear the Blue, a big, gorgeous, blue-haired beast who thinks the world belongs to him. The world and, apparently, me. So if ibhear wants to play the caring hero and travel into the most forsaken of Gods forsaken lands to protect the one woman who doesn't need it--namely me--I'll let him. Because while I'm trying to fulfill a ridiculous quest for a pushy god, I'm going to draw this overconfident warlord much too close, rekindle his fires, and enjoy every minute of his delicious defeat. . . Praise for The Dragon Who Loved Me"A chest thumping, mead-hall rocking, enemy slaying brawl of a good book." --All Things Urban Fantasy"Aiken aces another one." RT Book s, 4 Stars"A hot, hot series." --Library JournalKurzbeschreibungSome things never go away, like vile enemies, bad ale, and annoying kin.
