A Hot Tale!Von Valerie BongardsIf you are familiar with the BLAZE line, then you know these are about two people finding their way to true love, with a hot trail of sensuous sex blazing behind them.In this story, our heroine has dated out hero for three months, had mind-blowing sex once and left him after he proposed. She comes from a high-profile family, and has always lived her life in consideration of them.He is a business man, successful, handsome, hot! They meet together at a resort that caters to training people. The theme is to solve a mystery and learn teamwork skills. Our heroine and hero is thrown together, sharing the same room, the same bed, and our hero has a long weekend to change her mind and make her his! Does he succeed? Well, read it and you will find out!I found this story very good, infact, I

was having a very hard time putting it down! Not only were the love scenes very romantic and hot, but the whole plot was very well done, and I found myself rooting for the hero, and thinking the heroine had better let her hair down soon, or I'll have to come and take him myself!! :)I hope you enjoy this as much as I did.
