an inside look on the way publishing world works. What the Author did not openly say but gives an example on, is the fact, that giving the reader a sample of the book (as he does here) for free will make a reader so curious that she decides to buy the whole book. I had so much fun.0 von 0 Kunden fanden die folgende Rezension hilfreich. Humour with good adviceVon GJFreeThis was fun to read. Lots of humour, plus a good insight into how publishing houses choose and advertise thier authors.And for those thinking of writing the book that's just waiting to be published, some very useful pointers.I would recommend this for anyone who wants some light reading and/or those with an interest in writing and Publishers.
