Kurzbeschreibung Forget the dangers of the jungle. In peril is Ruth's heart when two hunky shifters become determined to claim her despite her humanity. (A reverse harem romance.) Trekking through the jungle isn't Ruth's idea of a good time, even if her companions are hotter than hell. With her sister missing, though, she'll do anything to find her - slog through swamps, squish giant centipedes, and fight her attraction to not one but two males intent on seduction. But when she discovers there's more to the hunks accompanying her than meets the eye, will she accept their alter wolf egos, or completely freak? Fate sure has a wicked sense of humor, trying to make Kendrick think the chubby human he meets in the jungle is his mate. Joke's on him, though, because despite his preferences and attempts to stay away, he can't help but fall for the tall and curvy Ruth. Harder to swallow, his buddy is falling for her too. Joel knows firsthand how fickle human emotions are, but when he meets Ruth, all his best intentions get swallowed by the jungle as she worms her way into his heart - and makes him want to trust. When Ruth's human morals get in the way of two wolves and their need to claim what's theirs, they'll have to team up and show her two are so much more pleasurable than one. Warning: Can you handle a pair of hot wolves determined to claim an unsuspecting human? Expect extreme heat and a whole lot of fun in this reverse harem, jungle adventure. (MFM)

ber den Autor und weitere Mitwirkende New York Times and USA Today Bestseller Hello, my name is Eve and I am a Canadian author who loves to write hot romance. I possess a twisted imagination and a sarcastic sense of humor which tends to heavily influence my stories. I enjoy strong alpha male heroes, and shifters. Lots of big, overprotective shifters that need a strong woman to temper their wild side--and unleash the lover. I love to write, and while I don't always know what my mind is going to come up with next, I can promise it will be fun, probably humorous and most of all romantic, because I love a happily ever after.
